INFORMATION ABOUT OCCIDENTAL

We explore for, develop, produce and market crude oil and natural gas, and manufacture and market a variety of chlorovinyls (including basic chemicals and polymers and plastics), specialty chemicals and petrochemicals. We conduct our operations through various oil and gas and chemical subsidiaries and affiliates. We also have an interest in petrochemicals through our 29.5 percent ownership in Equistar Chemicals, LP. Our executive offices are located at 10889 Wilshire Boulevard, Los Angeles, California 90024. Our telephone number is (310) 208-8800.

Occidental Petroleum Corporation was organized in April 1986 and, as the result of a reorganization effective May 21, 1986, became the successor to a California corporation of the same name organized in 1920.

USE OF PROCEEDS

We expect the net proceeds from the issuance of the notes to be approximately \$794 million. We will use the net proceeds to repay the \$700 million of our outstanding indebtedness incurred from our acquisition of Altura Energy Ltd., or Altura. The outstanding indebtedness incurred in connection with the Altura transaction has a floating interest rate, which is currently 2.99%, and matures on April 19, 2005. The remainder of the net proceeds will be used for general corporate purposes, which may include, but are not limited to, the repayment of maturing indebtedness and the redemption of other debt.

S-3

CAPITALIZATION

The following table sets forth our consolidated debt and consolidated capitalization at September 30, 2001: (1) on a historical basis and (2) on a pro forma basis to reflect the issuance and sale of the notes and the application of the estimated net proceeds thereof as described under "Use of Proceeds" on page S-3.

	Historical	Pro Forma(1)
	(in millions) (unaudited)	
Short-term debt:		
Current maturities of long-term debt and capital lease liabilities	\$ 252	\$ 252
Notes payable to banks and other financial institutions	2	2
Total short-term debt	\$ 254	\$ 254
Long-term debt, net of current maturities and unamortized discount		
Long-term debt, net of current maturities and unamortized discount	\$ 3,255	\$ 3,255
Non-recourse debt	700	—
Notes offered hereby	—	800
Capital lease liabilities, net of current portion	26	26
Obligation under natural gas delivery commitment(2)	315	315
Company obligated mandatorily redeemable preferred capital trust securities of subsidiary trust holding solely notes of Occidental(3)	467	467
Stockholders' equity:		
Non-redeemable preferred stock, \$1.00 par value	—	—
Common stock, \$.20 par value; authorized, 500 million shares	75	75
Other stockholders' equity	5,788	5,786
Total stockholders' equity	5,863	5,861
Total capitalization(4)	\$ 10,880	\$ 10,978

- (1) The pro forma column reflects the repayment of the \$700 million of outstanding indebtedness incurred from our acquisition of Altura. The remainder of the net proceeds will be used for general corporate purposes, which may include, but are not limited to, the repayment of maturing indebtedness and the redemption of other debt.
- (2) The obligation under natural gas delivery commitment includes the current obligation of \$135 million and long-term obligation of \$180 million.
- (3) The sole assets of the trust are \$467 million aggregate principal amount of 8.16% Subordinated Deferrable Interest Notes due 2039 of Occidental. Upon prepayment of such notes, the preferred capital trust securities of Oxy Capital Trust I will be mandatorily redeemable.
- (4) Total capitalization excludes minority interest of \$2,228 million, which primarily includes \$1,971 million of minority interest from the Altura acquisition. This, in turn, is essentially offset by a long-term receivable of \$1,968 million.

S-4

DESCRIPTION OF THE NOTES

We will issue the notes under an indenture between us and The Bank of New York, as trustee. The following description is a summary of the material provisions of the indenture. It does not restate the indenture in its entirety. We urge you to read the indenture because it, and not this description, defines your rights as holders of the notes. We have filed a copy of the indenture as an exhibit to the registration statement which includes the accompanying prospectus.

This description of the notes supplements, and, to the extent it is inconsistent, replaces, the description of the general provisions of the notes and the indenture in the accompanying prospectus. The notes are "senior debt securities" as that term is used in the accompanying prospectus, and the indenture is referred to in the accompanying prospectus as the "Senior Indenture." In this description, the term "Securities" refers to all senior debt securities that may be issued under the indenture and includes the notes.

Brief Description of the Notes

The notes are unsecured and rank equally with all of our other senior unsecured indebtedness. The indenture does not limit the aggregate principal amount of Securities that we may issue under the indenture and we may, without your consent, issue additional Securities thereunder. There are currently \$1,358,410,000 aggregate principal amount of Securities outstanding under the indenture.

Substantially all of our operations are conducted through subsidiaries. As a result, our right to receive assets upon the liquidation or recapitalization of any of our subsidiaries, and your consequent right to participate in those assets, is subject to the claims of such subsidiary's creditors. Even if we are recognized as a creditor of one or more of our subsidiaries, our claims would still be subject to any security interests in the assets of any such subsidiary and to any indebtedness or other liabilities of any such subsidiary senior to our claims. Accordingly, both series of notes are effectively subordinated to all indebtedness and other

liabilities, including trade payables, of our subsidiaries. As of September 30, 2001, the total amount of such indebtedness and other liabilities of our subsidiaries that would have been effectively senior to both series of notes was approximately \$3.8 billion, excluding interest. This amount includes \$700 million of indebtedness which is being repaid with a portion of the net proceeds from this offering.

Principal, Maturity and Interest

The 2007 notes and the 2012 notes will be initially limited to \$300 million and \$500 million, respectively, aggregate principal amount and will mature on January 15, 2007 and January 15, 2012, respectively. We may, from time to time, without the consent of the holders of the 2007 notes or the 2012 notes, reopen either or both series of notes and issue additional 2007 notes or 2012 notes.

Interest on the 2007 notes will accrue at the rate of 5.875% per year, and interest on the 2012 notes will accrue at the rate of 6.750% per year, and, in each case, will be payable semiannually in arrears on January 15 and July 15, commencing on July 15, 2002. We will make each interest payment to the holders of record of the applicable series of notes on the immediately preceding January 1 and July 1.

Interest on both series of notes will accrue from December 6, 2001 and will be computed on the basis of a 360-day year comprised of twelve 30-day months.

If any interest payment date, maturity date or redemption date falls on a day that is not a business day, the payment will be made on the next business day, and no interest will accrue for the period from and after such interest payment date, maturity date or redemption date until such following business day.

S-5

Place of Payment, Transfer and Exchange

All payments on both series of notes will be made, and transfers of both series of notes will be registrable, at the trustee's office in New York, unless we designate another place for such purpose.

Optional Redemption

We may redeem some or all of either series of notes at any time at a price equal to the greater of:

- 100% of the principal amount of the notes of such series to be redeemed; and
- an amount determined by the Quotation Agent equal to the sum of the present values of the remaining scheduled payments of principal and interest on the notes of such series to be redeemed (not including any portion of such payments of interest accrued as of the redemption date) discounted to the redemption date on a semiannual basis (assuming a 360-day year comprised of twelve 30-day months) at the Adjusted Treasury Rate plus 30 basis points in the case of the 2007 notes and 35 basis points in the case of the 2012 notes;

plus, in each case, accrued and unpaid interest to the redemption date; provided, however, that, with respect to interest payments that are due on or prior to the relevant redemption date, we will make such payments to the record holders of such notes at the close of business on the relevant regular record dates.

We will send to each holder notice of any redemption at least 30 days but not more than 60 days before the applicable redemption date. Unless we default in payment of the redemption price, no interest shall accrue for the period from and after such redemption date. If less than all of the notes of any series are to be redeemed, the trustee will select the notes of such series (or portions thereof) to be redeemed by such method as the trustee shall deem fair and appropriate.

"Adjusted Treasury Rate" means, with respect to any redemption date, the rate per year equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

"Comparable Treasury Issue" means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the notes of the applicable series to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such series of notes.

"Comparable Treasury Price" means, with respect to any redemption date, (1) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (2) if the trustee obtains fewer than three Reference Treasury Dealer Quotations, the average of all such Reference Treasury Dealer Quotations, such average in any case to be determined by the Quotation Agent, or (3) if only one Reference Treasury Dealer Quotation is received, such Reference Treasury Dealer Quotation.

"Quotation Agent" means the Reference Treasury Dealer appointed by us.

"Reference Treasury Dealer" means (1) Banc of America Securities LLC and J.P. Morgan Securities Inc. (or their respective affiliates which are primary U.S. Government securities dealers) and their respective successors; provided, however, that if any of them shall cease to be a primary U.S. Government securities dealer in New York City (a "Primary Treasury Dealer"), we shall substitute for it another Primary Treasury Dealer and (2) any other Primary Treasury Dealer selected by us.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Quotation Agent, of the bid and asked

S-6

prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the trustee by such Reference Treasury Dealer at 5:00 p.m. on the third Business Day in The City of New York preceding such redemption date.

Form, Denomination and Registration

Both series of notes will be issued only in fully registered form, without coupons, in minimum denominations of \$1,000 and any integral multiple of \$1,000 in excess thereof. Both series of notes will be deposited with, or on behalf of, The Depository Trust Company ("DTC") and will be represented by one or more global securities registered in the name of Cede & Co., as nominee of DTC. The interests of beneficial owners in the global securities will be represented through financial institutions acting on their behalf as direct or indirect participants in DTC.

Ownership of beneficial interests in a global security will be limited to persons who have accounts with DTC ("direct participants") or persons who hold interests through direct participants ("indirect participants"). Ownership of beneficial interests in the global securities will be shown on, and the transfer of these ownership interests will be effected only through, records maintained by DTC or its nominee (with respect to interests of direct participants) and the records of direct participants (with respect to interests of indirect participants). Owners of beneficial interest will not receive written confirmation from DTC of their purchase, but such owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct or indirect participant through which such owner entered into the transaction. Owners of beneficial interests will not receive certificates representing their ownership interests, except in the event that use of the book-entry system for the related series of notes is discontinued.

So long as DTC, or its nominee, is the registered owner or holder of a global security, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the notes represented by such global security for all purposes under the indenture and the notes. In addition, no beneficial owner of an interest in a global security will be able to transfer that interest except in accordance with DTC's applicable procedures (in addition to those under the indenture).

Payments on global securities will be made to DTC or its nominee, as the registered owner thereof. Neither Occidental, the trustee nor any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Occidental expects that DTC or its nominee will credit direct participants' accounts on the payable date with payments in respect of a global security in amounts proportionate to their respective beneficial interest in the principal amount of such global security shown on the records of DTC or its nominee, unless DTC has reason to believe that it will not receive payment on the payable date. Occidental also expects that payments by participants to owners of beneficial interests in such global security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in "street name." Such payments will be the responsibility of such participants and not of Occidental, the trustee or DTC.

Transfers between direct participants in DTC will be effected in accordance with DTC rules. The laws of some states require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer beneficial interests in a global security to such persons may be limited. Because DTC can act only on behalf of direct participants, who in turn act on behalf of indirect participants and certain banks, the ability of a person having a beneficial interest in a global security to pledge such interest to persons or entities that do not participate in the DTC system, or otherwise take actions in respect of such interest, may be affected by the lack of a physical certificate of such interest.

S-7

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants, and by direct participants and indirect participants to owners of the notes will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Occidental believes that it is the policy of DTC that it will take any action permitted to be taken by a holder of notes only at the direction of one or more direct participants to whose account interests in the global securities are credited and only in respect of such portion of the aggregate principal amount of the notes as to which such direct participant or participants has or have given such direction.

If (1) DTC notifies Occidental that it is unwilling or unable to continue as depository or if DTC ceases to be eligible under the indenture and a successor depository is not appointed by Occidental within 90 days or (2) an event of default with respect to the notes of any series shall have occurred and be continuing, the global securities will be exchanged for notes in definitive form of like tenor and of an equal aggregate principal amount, in authorized denominations. Such definitive notes shall be registered in such name or names as DTC shall instruct the trustee. Such instructions will most likely be based upon directions received by DTC from participants with respect to ownership of beneficial interests in global securities.

DTC has provided Occidental with the following information: DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the United States Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its direct participants deposit with DTC. DTC also records the settlement among direct participants of securities transactions, such as transfers and pledges, in deposited securities through computerized records for direct participant's accounts. This eliminates the need to exchange certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations.

DTC's book-entry system is also used by other organizations such as securities brokers and dealers, banks and trust companies that work through a direct participant. The rules that apply to DTC and its participants are on file with the SEC.

DTC is owned by a number of its direct participants and by The New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc.

However, DTC's ability to perform its services properly is also dependent upon other parties, including but not limited to issuers and their agents, as well as DTC's direct and indirect participants and third party vendors from whom DTC licenses software and hardware, and third party vendors on whom DTC relies for information or the provision of services, including telecommunication and electrical utility service providers, among others.

Although DTC has agreed to the foregoing procedures in order to facilitate transfers of interests in the global securities among participants of DTC, it is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither Occidental nor the trustee will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations. In addition, Occidental may decide to discontinue use of the system of book-entry transfers through DTC. In that event, certificates representing the related series of notes will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that Occidental believes to be reliable, but Occidental takes no responsibility for the accuracy of this information.

UNDERWRITING

Under the terms and subject to the conditions in the underwriting agreement dated the date of this prospectus supplement, we have agreed to sell to each of the underwriters named below, severally, and each of the underwriters has severally agreed to purchase, the principal amount of the notes set forth opposite its name below:

Underwriter	Principal Amount of 2007 Notes	Principal Amount of 2012 Notes
Banc of America Securities LLC	\$ 75,000,000	\$ 125,000,000
J.P. Morgan Securities Inc.	75,000,000	125,000,000
BNP Paribas Securities Corp.	24,000,000	40,000,000
Credit Suisse First Boston Corporation	24,000,000	40,000,000
Mizuho International plc	24,000,000	40,000,000
Scotia Capital (USA) Inc.	24,000,000	40,000,000
Banc One Capital Markets, Inc.	6,750,000	11,250,000
BNY Capital Markets, Inc.	6,750,000	11,250,000
Commerzbank Capital Markets Corp.	6,750,000	11,250,000
Credit Lyonnais Securities (USA) Inc.	6,750,000	11,250,000
ING Barings Corp.	6,750,000	11,250,000
The Royal Bank of Scotland plc	6,750,000	11,250,000
Salomon Smith Barney Inc.	6,750,000	11,250,000
SG Cowen Securities Corporation	6,750,000	11,250,000
Total	\$ 300,000,000	\$ 500,000,000

Under the terms and conditions of the underwriting agreement, if the underwriters take any of the notes, then the underwriters are obligated to take and pay for all of the notes.

The notes of each series are a new issue of securities with no established trading market and will not be listed on any national securities exchange. The underwriters have advised us that they intend to make a market for each series of notes, but they have no obligation to do so and may discontinue market making at any time without providing any notice. No assurance can be given as to the liquidity of any trading market for either series of notes.

The underwriters initially propose to offer part of the notes directly to the public at the offering prices described on the cover page and part to certain dealers at a price that represents a concession not in excess of 0.375% of the principal amount of the 2007 notes and 0.400% of the principal amount of the 2012 notes. Any underwriter may allow, and any such dealer may reallow, a concession not in excess of 0.225% of the principal amount of the 2007 notes and 0.250% of the principal amount of the 2012 notes to certain other dealers. After the initial offering of the notes, the underwriters may from time to time vary the offering prices and other selling terms.

We have also agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments which the underwriters may be required to make in respect of any such liabilities.

In connection with the offering of the notes, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the prices of the notes. Specifically, the underwriters may overallocate in connection with the offering of the notes, creating a syndicate short position. In addition, the underwriters may bid for, and purchase, notes in the open market to cover syndicate short positions or to stabilize the prices of the notes. Finally, the underwriting syndicate may reclaim selling concessions allowed for distributing the notes in the offering of the notes, if the syndicate repurchases previously distributed notes in syndicate covering transactions, stabilization transactions or otherwise.

Any of these activities may stabilize or maintain the market prices of the notes above independent market levels. The underwriters are not required to engage in any of these activities, and may end any of them at any time.

We expect that delivery of the notes will be made against payment for the notes on or about the closing date specified on the cover page of this supplement, which will be the fifth business day following the date of pricing of the notes (this settlement cycle being referred to as "T+5"). Under Rule 15c6-1 of the U.S. Securities and Exchange Commission under the Securities Exchange Act of 1934, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Notes that trade in the same-day funds settlement system of DTC settle on the trade date. Accordingly, purchasers who wish to trade notes on the date of pricing or the next succeeding four business days will be required, by virtue of the fact that the notes initially will settle in T+5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of notes who wish to trade notes on the date of pricing or the next succeeding four business days should consult their own advisors.

Expenses associated with this offering, to be paid by us, are estimated to be \$330,000.

In the ordinary course of their respective business, certain of the underwriters and their affiliates have engaged, and may in the future engage, in commercial banking and/or investment banking transactions with us and our affiliates.

Under Rule 2710(c)(8) of the Conduct Rules of the National Association of Securities Dealers, Inc. (the "NASD"), special considerations apply to a public offering of debt securities where more than 10% of the net proceeds thereof will be paid to members of the NASD that are participating in the offering, or persons affiliated or associated with such members. Certain of the underwriters or their respective affiliates have lent money to us. In the event that more than 10% of the proceeds of the offering are used to repay money lent by the underwriters or their affiliates, the offering will be conducted in conformity with Rule 2710(c)(8).

Banc of America Securities LLC and J.P. Morgan Securities Inc. will make notes available for distribution on the Internet through a propriety web site and/or a third-party system operated by Market Axess Inc., an Internet-based communications technology provider. Market Axess Inc. is providing the system as a conduit for communications between Banc of America Securities LLC and J.P. Morgan Securities Inc. and their respective customers and is not a party to any transactions. Market Axess Inc., a registered broker-dealer, will receive compensation from Banc of America Securities LLC and J.P. Morgan Securities Inc. based on transactions the underwriters conduct through the system. Banc of America Securities LLC and J.P. Morgan Securities Inc. will make the notes available to their respective customers through the Internet distributions, whether made through a proprietary or third-party system, on the same terms as distributions made through other channels.

prospectus is accurate only as of the date on the front cover of this prospectus. Our business, financial condition, results of operations and prospects may have changed since that date.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement Occidental and the trusts filed with the Securities and Exchange Commission using a "shelf" registration process. Under this shelf registration process, Occidental may sell any combination of the senior debt securities, subordinated debt securities, preferred stock and depositary shares and the trusts may sell preferred securities as described in this prospectus in one or more offerings up to a total dollar amount of \$1,000,000,000 (or the equivalent thereof if any of the securities are denominated in a currency, currency unit or composite currency other than the U.S. dollar).

This prospectus provides you with a general description of the securities Occidental and the trusts may offer. Each time Occidental or a trust sells securities, it will provide a prospectus supplement and, for certain offerings, a pricing supplement, that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should read this prospectus, any prospectus supplement and any pricing supplement together with the additional information described under the heading "Where You Can Find More Information."

WHERE YOU CAN FIND MORE INFORMATION

Occidental files annual, quarterly and special reports, proxy statements, and other information with the SEC. You may read and copy any document we file at the SEC's public reference rooms at 450 Fifth Street, N.W., Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the public reference rooms. The SEC also maintains an internet site at <http://www.sec.gov> that contains reports, proxy and information statements and other information

regarding issuers that file electronically with the SEC, including Occidental. Occidental's common stock is listed and traded on the New York Stock Exchange ("NYSE"). These reports, proxy statements and other information are also available for inspection at the offices of the NYSE, 20 Broad Street, New York, New York 10005.

This prospectus is part of a registration statement filed with the SEC by Occidental and the trusts. You may obtain the full registration statement from the SEC as indicated above or from Occidental.

The SEC allows Occidental to "incorporate by reference" the information it files with the SEC. This permits Occidental to disclose important information to you by referencing these filed documents. Any information referenced this way is considered part of this prospectus, and any information filed with the SEC subsequent to this prospectus will automatically be deemed to update and supersede this information. Occidental incorporates by reference the following documents which have been filed with the SEC (other than information in such documents that is deemed not to be filed):

- Annual Report on Form 10-K for the year ended December 31, 2000;
- Quarterly Reports on Form 10-Q for the quarters ended March 31, 2001, June 30, 2001 and September 30, 2001; and
- Current Reports on Form 8-K, dated April 18, 2001, July 11, 2001, July 19, 2001, and October 17, 2001.

Occidental also incorporates by reference any future filings made by Occidental with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act of 1934 (the "Exchange Act") (other than information in such documents that is deemed not to be filed) until our offering of securities has been completed.

Occidental will provide without charge upon written or oral request, a copy of any or all of the documents which are incorporated by reference to this prospectus. Requests should be directed to Occidental Petroleum Corporation, 10889 Wilshire Boulevard, Los Angeles, California 90024, Attn: J. R. Havert, Vice President and Treasurer; telephone: (310) 208-8800.

There are no separate financial statements of the trusts in this prospectus. Occidental does not believe such financial statements would be helpful because:

- The trusts are direct or indirect wholly-owned subsidiaries of Occidental, which files consolidated financial information under the Exchange Act.
- The trusts do not have any independent operations other than issuing the preferred and common securities and purchasing the subordinated debt securities.
- Occidental guarantees the preferred securities of the trusts as described in this prospectus.

OCCIDENTAL

Occidental explores for, develops, produces and markets crude oil and natural gas and manufactures and markets a variety of basic chemicals, including chlorine, caustic soda and ethylene dichloride (EDC), vinyls, including polyvinyl chloride (PVC) and vinyl chloride monomer (VCM), through its 76 percent interest in the Oxy Vinyls, LP, and specialty chemicals. Occidental conducts its operations through various oil and gas chemical subsidiaries and affiliates. Occidental also has an interest in the petrochemicals business through its 29.5 percent interest in the Equistar Chemicals, LP. Occidental's executive offices are located at 10889 Wilshire Boulevard, Los Angeles, California 90024; telephone (310) 208-8800.

THE TRUSTS

Occidental created two Delaware business trusts pursuant to two Declarations of Trust. The trusts are named Oxy Capital Trust II and Oxy Capital Trust III. As used in this prospectus, the words "trust" or "trusts" refer to Oxy Capital Trust II and Oxy Capital Trust III. Occidental will file an Amended and Restated Declaration of Trust (a "Declaration") for each trust, which will state the terms and conditions for each trust to issue and sell its preferred securities and common securities. A form of Declaration is incorporated by reference as an exhibit to the registration statement of which this prospectus forms a part.

Each trust will exist solely to:

- issue and sell its preferred and common securities;
- use the proceeds from the sale of its preferred and common securities to purchase a series of Occidental's subordinated debt securities;
- maintain its status as a grantor trust for United States federal income tax purposes; and
- engage in other activities that are necessary or incidental to these purposes.

Occidental will purchase all of the common securities of each trust. The common securities will represent an aggregate liquidation amount equal to at least 3 percent of each trust's total capitalization. The preferred securities will represent the remaining 97 percent of each trust's total capitalization. The common

securities will have terms substantially identical to, and will rank equal in priority of payment with, the preferred securities. However, if Occidental defaults on the related subordinated debt securities, then cash distributions and liquidation, redemption and other amounts payable on the common securities will be subordinate to the preferred securities in priority of payment.

Occidental will guarantee the preferred securities as described later in this prospectus. Occidental has appointed five trustees to conduct each trust's business and affairs:

- The Bank of New York ("Property Trustee");
- The Bank of New York (Delaware) ("Delaware Trustee"); and
- Three Occidental officers ("Regular Trustees").

Only Occidental, as owner of the common securities, can remove or replace the trustees. In addition, Occidental can increase or decrease the number of trustees. However, the majority of trustees will always be Regular Trustees.

Occidental will pay all fees and expenses related to each trust and each offering of the related preferred securities and will pay all ongoing costs and expenses of each trust, except that trust's obligations under the related preferred and common securities. The trusts will not have separate financial statements. The statements would not be material to holders of the preferred securities because no trust will have any independent operations. Each trust exists solely for the reasons summarized above.

USE OF PROCEEDS

The net proceeds Occidental receives from the sale of securities offered under this prospectus will be used for general corporate purposes, including the retirement of outstanding debt. Each trust will use all proceeds from the sale of the common and preferred securities to purchase subordinated debt securities of Occidental. The prospectus supplement with respect to any offering of securities may identify different or additional uses for the proceeds of such offering.

RATIOS OF EARNINGS TO FIXED CHARGES AND EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

The following table sets forth Occidental's total enterprise ratios of earnings to fixed charges and earnings to combined fixed charges and preferred stock dividends based on the historical results of Occidental and its subsidiaries. For the purpose of calculating these ratios, earnings consist of income from continuing operations before income taxes (other than foreign oil and gas taxes) and fixed charges. Fixed charges include interest and debt expense, including the proportionate share of interest and debt expense of 50-percent-owned equity investments and the portion of lease rentals representative of the interest factor.

	Three Months Ended March 31,		Years Ended December 31,

- (b) Earnings were inadequate to cover fixed charges by \$298 million in 1994.
- (c) Earnings were inadequate to cover combined fixed charges and preferred stock dividends by \$28 million for the three months ended March 31, 1999.
- (d) Earnings were inadequate to cover combined fixed charges and preferred stock dividends by \$395 million in 1994.

DESCRIPTION OF SECURITIES

This prospectus contains a summary of the senior debt securities, the subordinated debt securities, the preferred stock, the depositary shares, the preferred securities and the preferred securities guarantee. These summaries are not meant to be a complete description of each security. However, this prospectus, the accompanying prospectus supplement and the accompanying pricing supplement, if applicable, contain the material terms and conditions for each security. For more information please refer to (1) the indenture (the "Senior Indenture") between Occidental and The Bank of New York, as trustee ("Senior Indenture Trustee"), relating to issuance of each series of senior debt securities, (2) the indenture (the "Subordinated Indenture") between Occidental and The Bank of New York, as trustee (the "Subordinated Indenture Trustee") relating to issuance of each series of subordinated debt securities, (3) the certificate of designations relating to each series of preferred stock, (4) the deposit agreement and the depositary receipts relating to offerings of depositary shares, (5) the Declaration of each trust and (6) Occidental's guarantee of the preferred securities issued by each trust (the "Preferred Securities Guarantees"). DESCRIPTION OF SENIOR DEBT SECURITIES

General

Below is a description of certain general terms of the senior debt securities. The description is not complete and is subject to and qualified in its entirety by reference to the Senior Indenture. The particular terms of a series of senior debt securities will be described in a prospectus supplement and, if applicable, a pricing supplement.

The senior debt securities will rank equally with all of Occidental's senior and unsubordinated debt. The Senior Indenture does not limit the amount of senior debt securities which Occidental may issue, nor does it limit Occidental or its subsidiaries from issuing any other unsecured debt.

Occidental will issue the senior debt securities under the Senior Indenture. The Senior Indenture will be qualified under the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"). The Senior Indenture is filed as an exhibit to the registration statement which includes this prospectus.

Each prospectus supplement, together with a pricing supplement, if applicable, will describe the following terms relating to a series of senior debt securities, as follows:

- the title;
- any limit on the amount that may be issued;
- whether or not that series of senior debt securities will be issued as registered securities, bearer securities or both;
- the price at which that series of senior debt securities will be issued, which may be at a discount;
- whether or not that series of senior debt securities will be issued in global form, the terms and who the depositary will be;
- the maturity date(s);
- the person to whom any interest will be payable on any registered security, if other than the person in whose name that security is registered at the close of business on the regular record date;
- the annual interest rate(s), if any, (which may be fixed or variable) or the method for determining the rate(s) and the date(s) interest will begin to accrue, the date(s) interest will be payable and the regular record date(s) for interest payment date(s) or the method for determining such date(s);
- the place(s) where payments shall be payable, registered securities may be surrendered for registration of transfer, securities may be surrendered for exchange, and notices and demands to or upon Occidental may be served;
- the period(s) within which, and the price(s) at which, that series of senior debt securities may, pursuant to any optional or mandatory redemption provisions, be redeemed, in whole or in part, and other related terms and provisions;
- any mandatory or optional sinking fund provisions or any provisions for remarketing that series of senior debt securities and other related terms and provisions;
- the denominations in which that series of senior debt securities will be issued, if other than denominations of \$1,000 in the case of registered securities and any integral multiple thereof, and in the case of bearer securities, if other than denominations of \$5,000 and \$100,000;
- the currency or currencies, including composite currencies or currency units, in which that series of senior debt securities may be denominated or in which payment of the principal of and

- if the amounts of payments of principal of and interest, if any, on that series of senior debt securities are to be determined with reference to an index, formula or other method, or based on a coin or currency other than that in which that series of senior debt securities are stated to be payable, the manner in which such amounts shall be determined and the calculation agent, if any, with respect thereto;
- if other than the principal amount thereof, the portion of the principal amount of that series of senior debt securities that will be payable upon declaration of acceleration of the maturity thereof pursuant to an event of default;
- if other than as defined in the Senior Indenture, the meaning of "Business Day" when used with respect to that series of senior debt securities;
- if that series of senior debt securities may be issued or delivered (whether upon original issuance or upon exchange of a temporary security of such series or otherwise), or any installment of principal or interest is payable, only upon receipt of certain certificates or other documents or satisfaction of other conditions in addition to those specified in the Senior Indenture, the forms and terms of those certificates, documents or conditions;
- any addition to, or modification or deletion of, any event of default, covenant of Occidental or other term or provision specified in the Senior Indenture with respect to that series of senior debt securities; and
- any other terms (which terms may be inconsistent with the Senior Indenture).

Consolidation, Merger or Sale

The Senior Indenture generally permits Occidental to merge or consolidate, or sell, convey, transfer or otherwise dispose of its assets as an entirety or substantially as an entirety, provided that no event of default would occur as a result of that transaction. However, any successor or acquiror of such assets must assume all of the obligations of Occidental under the Senior Indenture and the senior debt securities and be organized and existing under U.S. laws.

Limitation on Liens

Occidental will not, nor will it permit any Consolidated Subsidiary (as defined below), to incur, create, assume, guarantee or otherwise become liable with respect to any Secured Debt (as defined below), unless the Securities are secured equally and ratably with (or prior to) such Secured Debt. This covenant will not apply to:

- (1) Liens (as defined below) existing on the date of the Senior Indenture;
- (2) Liens existing on property of, or on any shares of stock or Indebtedness of, any corporation at the time such corporation becomes a Consolidated Subsidiary;
- (3) Liens in favor of Occidental or a Consolidated Subsidiary;
- (4) Liens in favor of governmental bodies to secure progress, advance or other payments;
- (5) Liens existing on property, shares of stock or Indebtedness at the time of acquisition thereof (including acquisition through merger or consolidation) or Liens to secure the payment of all or any part of the purchase price thereof or the cost of construction, installation, renovation, improvement or development thereon or thereof or to secure any Indebtedness incurred prior to,

at the time of, or within 360 days after the later of the acquisition, completion of such construction, installation, renovation, improvement or development or the commencement of full operation of such property or within 360 days after the acquisition of such shares or Indebtedness for the purpose of financing all or any part of the purchase price or cost thereof; and

- (6) any extension, renewal or refunding of any Liens referred to in the foregoing clauses (1) through (5).

Notwithstanding the foregoing, Occidental and one or more Consolidated Subsidiaries may incur, create, assume, guarantee or otherwise become liable with respect to Secured Debt that would otherwise be subject to the foregoing restrictions if, after giving effect thereto, the aggregate amount of all Secured Debt, together with the Discounted Rental Value (as defined below) in respect of sale and leaseback transactions subject to the restrictions discussed in the following paragraph (excluding sale and leaseback transactions exempted from such restrictions pursuant to clause (1) or (2) of the last sentence of such paragraph), would not exceed 10 percent of consolidated Net Tangible Assets (as defined below) of Occidental and its Consolidated Subsidiaries.

Limitations on Sale and Leaseback Transactions

Occidental will not nor will it permit any Consolidated Subsidiary to sell and lease back any Principal Domestic Property (as defined below) unless:

- (1) the sale has occurred within 360 days after the later of the acquisition, completion of construction or commencement of full operations of the Principal Domestic Property;
- (2) Occidental or such Consolidated Subsidiary could subject such Principal Domestic Property to a Lien pursuant to the provisions described above under "Limitation on Liens" in an amount equal to the Discounted Rental Value with respect to the sale and leaseback transaction without equally and ratably securing the Securities; or

(3) Occidental or such Consolidated Subsidiary, within 120 days after such sale, applies or causes to be applied to the retirement of its Funded Debt (as defined below) an amount (subject to credits for certain voluntary retirements of Funded Debt) not less than the greater of (a) the net proceeds of the sale of the Principal Domestic Property leased pursuant to such arrangement or (b) the fair value (as determined in any manner approved by the Board of Directors of Occidental) of the Principal Domestic Property so leased.

This restriction will not apply to any sale and leaseback transaction (1) between Occidental and a Consolidated Subsidiary or between Consolidated Subsidiaries or (2) involving the taking back of a lease for a period, including renewals, of not more than three years.

Certain Definitions

"Consolidated Subsidiary" means any Subsidiary included in the financial statements of Occidental and its Subsidiaries prepared on a consolidated basis in accordance with generally accepted accounting principles.

"Discounted Rental Value" means, as to any particular lease under which any Person is at the time liable and at any date as of which the amount thereof is to be determined, the total net amount of rent (after deducting the amount of rent to be received by such Person under noncancelable subleases) required to be paid by such Person under such lease during the remaining noncancelable term thereof (including any such period for which such lease has been extended or may, at the option of the lessor, be extended), discounted from the respective due dates thereof to such date at a rate per annum of 11³/₄ percent. The net amount of rent required to be paid under any such lease for any such period shall be the aggregate amount of the rent payable by the lessee with respect to such period, after

10

excluding amounts required to be paid on account of maintenance and repairs, insurance, taxes, water rates and similar charges. In the case of any lease which is terminable by the lessee upon the payment of a penalty, such net amount shall also include the amount of such penalty, but no rent shall be considered as required to be paid under such lease subsequent to the first date upon which it may be so terminated. If and to the extent the amount of any rent during any future period is not definitely determinable under the lease in question, the amount of such rent shall be estimated in such reasonable manner as the Board of Directors of Occidental may in good faith determine.

"Funded Debt" means all Indebtedness maturing one year or more from the date of the creation thereof, all Indebtedness directly or indirectly renewable or extendible, at the option of the debtor, by its terms or by the terms of any instrument or agreement relating thereto, to a date one year or more from the date of the creation thereof, and all Indebtedness under a revolving credit or similar agreement obligating the lender or lenders to extend credit over a period of one year or more, even though such Indebtedness may also conform to the definition of Short-Term Borrowing.

"Lien" means and includes any mortgage, pledge, lien, security interest, conditional sale or other title retention agreement or other similar encumbrance to secure Indebtedness for borrowed money but excluding any security interest which a lessor may be deemed to have under a lease and any lien which may be deemed to exist under a Production Payment or under any subordination arrangement.

"Net Tangible Assets" of any specified Person means the total of all assets properly appearing on a balance sheet of such Person prepared in accordance with generally accepted accounting principles, after deducting from such total, without duplication of deductions, (1) all Current Liabilities of such Person; (2) that portion of the book amount of all such assets which would be treated as intangibles under generally accepted accounting principles, including, without limitation, all such items as goodwill, trademarks, trade names, brands, copyrights, patents, licenses and rights with respect to the foregoing and unamortized debt discount and expense; and (3) the amount, if any, at which any stock of such Person appears on the asset side of such balance sheet.

"Principal Domestic Property" means any (1) developed oil or gas producing property or (2) processing or manufacturing plant, in each case which as of the date of the Indenture is or thereafter is owned or leased by Occidental or any Consolidated Subsidiary and which is located in the continental United States (provided, however, that any such property or plant declared by the Board of Directors by Board Resolution not to be of material importance to the business of Occidental and its Consolidated Subsidiaries taken as a whole will be excluded from the foregoing definition).

"Production Payment" means any economic interest in oil, gas or mineral reserves which (1) entitles the holder thereof to a specified share of future production from such reserves, free of the costs and expenses of such production, and (2) terminates when a specified quantity of such share of future production from such reserves has been delivered or a specified sum has been realized from the sale of such share of future production from such reserves.

"Secured Debt" means any Indebtedness of Occidental or any Consolidated Subsidiary, secured by a Lien on any Principal Domestic Property or on any shares of stock or on any Indebtedness of any Consolidated Subsidiary which owns any Principal Domestic Property.

Events of Default Under the Senior Indenture

The following are events of default under the Senior Indenture with respect to any series of senior debt securities issued:

- failure to pay interest when due and such failure continues for 30 days and the time for payment has not been extended or deferred;
- failure to pay the principal (or premium, if any) when due;

11

-
- failure to observe or perform any other covenant contained in the senior debt securities or the Senior Indenture (other than a covenant specifically benefitting only another series of senior debt securities), and such failure continues for 60 days after Occidental receives notice from the Senior Indenture Trustee or holders of at least 25 percent in aggregate principal amount of the outstanding senior debt securities of that series;
 - acceleration of more than \$50,000,000 of debt of Occidental, after which the accelerated debt is not discharged or the acceleration is not cancelled within 20 days after Occidental receives notice from the Senior Indenture Trustee or holders of at least 25 percent in aggregate principal amount of

the outstanding senior debt securities of that series;

- certain events of bankruptcy, insolvency or reorganization of Occidental; and
- any other event of default specified in the prospectus supplement or pricing supplement, if any, relating to that series of senior debt securities.

If an event of default with respect to senior debt securities of any series occurs and is continuing, the Senior Indenture Trustee or the holders of at least 25 percent in principal amount of the outstanding senior debt securities of that series, by notice in writing to Occidental (and to the Senior Indenture Trustee if notice is given by such holders), may declare the principal of (or if such senior debt securities are discount securities, the portion of the principal amount as specified in the applicable prospectus supplement or pricing supplement, if any), premium, if any, and accrued interest, if any, due and payable immediately.

The holders of a majority in aggregate principal amount of the outstanding senior debt securities of an affected series may waive any past default or event of default with respect to that series and its consequences, except defaults or events of default regarding:

- payment of principal or interest; or
- covenants that cannot be modified or amended without the consent of each holder of any outstanding senior debt securities affected (as described under "—Modification of Senior Indenture; Waiver" below).

Any waiver shall cure the corresponding default or event of default.

Subject to the terms of the Senior Indenture, if an event of default under the Senior Indenture shall occur and be continuing, the Senior Indenture Trustee will be under no obligation to exercise any of its rights or powers under the Senior Indenture at the request or direction of any of the holders of the applicable series of senior debt securities, unless the holders have offered the Senior Indenture Trustee reasonable security or indemnity. The holders of a majority in principal amount of the outstanding senior debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Senior Indenture Trustee, or exercising any trust or power conferred on the Senior Indenture Trustee, with respect to the senior debt securities of that series, provided that:

- the direction given to the Senior Indenture Trustee is not in conflict with any law or the Senior Indenture;
- the Senior Indenture Trustee may take any other action deemed proper by it which is not inconsistent with that direction; and
- the Senior Indenture Trustee has not determined that the action would be unjustly prejudicial to the holders not involved in the proceeding.

A holder of the senior debt securities of any series will have the right to institute a proceeding under the Senior Indenture or to appoint a receiver or trustee, or to seek other remedies only if:

- the holder has given written notice to the Senior Indenture Trustee of a continuing event of default with respect to that series;
- the holders of at least 25 percent in aggregate principal amount of the outstanding senior debt securities of that series have made written request to, and have offered reasonable indemnity to, the Senior Indenture Trustee to institute the proceedings as trustee; and
- the Senior Indenture Trustee does not institute the proceeding, and does not receive from the holders of a majority in aggregate principal amount of the outstanding senior debt securities of that series other conflicting directions, within 60 days after the notice, request and offer.

These limitations do not apply to a suit instituted by a holder of senior debt securities if Occidental defaults in the payment of the principal, premium, if any, or interest on, the senior debt securities.

Occidental will periodically file statements with the Senior Indenture Trustee regarding its compliance with the conditions and covenants in the Senior Indenture.

Modification of Senior Indenture; Waiver

Occidental and the Senior Indenture Trustee may change the Senior Indenture without the consent of any holders with respect to certain matters, including:

- evidencing the succession of another person to Occidental and the assumption by it of the covenants of Occidental in the Senior Indenture and the corresponding series of securities;
- adding to the covenants, agreements and obligations of Occidental for the benefit of the holders of that series of senior debt securities, or to surrender any right or power the Senior Indenture confers upon Occidental;

- evidencing and providing for the acceptance of appointment under the Senior Indenture of a successor Senior Indenture Trustee with respect to the securities of one or more series and to add to or change any provisions of the Senior Indenture as shall be necessary to provide for or facilitate the administration of the trusts by more than one Senior Indenture Trustee;
- curing any ambiguity or correcting any inconsistency in the Senior Indenture or making other provisions with respect to matters or questions arising under the Senior Indenture;
- adding, changing or eliminating any provisions of the Senior Indenture (which addition, change or elimination may apply to one or more series of senior debt securities), provided that the addition, change or elimination neither (a) applies to any security of any series created prior to the execution of the supplemental indenture that is entitled to the benefit of the provision nor (b) modifies the rights of holders of the securities with respect to the modified provisions;
- securing the securities; or
- changing anything else that does not adversely affect the interests of any holder of senior debt securities.

In addition, under the Senior Indenture, the rights of holders of a series of senior debt securities may be changed by Occidental and the Senior Indenture Trustee with the written consent of the holders of at least a majority in aggregate principal amount of the outstanding senior debt securities of

each series that is affected. However, the following changes, among other things, may be made only with the consent of each holder of any outstanding senior debt securities affected:

- changing the stated maturity of such senior debt securities;
- reducing the principal amount of a discount security payable upon declaration of acceleration;
- reducing the principal amount, reducing the rate of or extending the time of payment of interest, or reducing any premium payable upon the redemption of any of the senior debt securities;
- changing the place or currency of payment of principal or interest, if any, on any of the senior debt securities;
- impairing the right to institute suit for the enforcement of any payment on or with respect to any of the senior debt securities; and
- modifying any of the foregoing requirements or reducing the percentage of senior debt securities, the holders of which are required to consent to any amendment or waiver of any covenant or past default.

Form, Exchange and Transfer

The senior debt securities of each series may be issued as registered securities, as bearer securities (with or without coupons) or both. Unless otherwise specified in the applicable prospectus supplement or the pricing supplement, if any, registered securities will be issued in denominations of \$1,000 and any integral multiple thereof and bearer securities will be issued in denominations of \$5,000 and \$100,000. Subject to the terms of the Senior Indenture and the limitations applicable to global securities described in the applicable prospectus supplement or the pricing supplement, if any, registered securities will be exchangeable for other registered securities of the same series, in any authorized denomination and of like tenor and aggregate principal amount.

Subject to the terms of the Senior Indenture and the limitations applicable to global securities set forth in the applicable prospectus supplement or pricing supplement, if any, senior debt securities issued as registered securities may be presented for exchange or for registration of transfer (duly endorsed or with the form of transfer duly executed) at the office of the Security Registrar or at the office of any transfer agent designated by Occidental for that purpose. Bearer securities will not be issued in exchange for registered securities. Unless otherwise provided in the senior debt securities to be transferred or exchanged, no service charge will be made for any registration of transfer or exchange, but Occidental may require payment of any taxes or other governmental charges. Occidental has appointed the Senior Indenture Trustee as Security Registrar. Any transfer agent (in addition to the Security Registrar) initially designated by Occidental for any senior debt securities will be named in the applicable prospectus supplement. Occidental may at any time designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts, except that Occidental will be required to maintain a transfer agent in each place of payment for the senior debt securities of each series.

If the senior debt securities of any series are to be redeemed, Occidental will not be required to:

- issue, register the transfer of, or exchange any senior debt securities of, that series during a period beginning at the opening of business 15 days before any selection of senior debt securities for redemption and ending, in the case of registered securities, at the close of business on the day of mailing of the relevant notice of redemption and, in the case of bearer securities, the first publication date of the notice, or if the senior debt securities of that series are also issuable as registered securities and there is no publication, at the close of business on the day of mailing of the notice;

- in the case of registered securities, register the transfer of or exchange any senior debt securities so selected for redemption, in whole or in part, except the unredeemed portion of any registered security being redeemed in part; or
- in the case of bearer securities, exchange any senior debt securities so selected for redemption, except to exchange a bearer security for a registered security that is immediately surrendered for redemption.

Global Securities

The senior debt securities of each series may be issued in whole or in part in global form. A senior debt security in global form will be deposited with, or on behalf of, a depository, which will be named in an applicable prospectus supplement or pricing supplement, if any. A global security may be issued in either registered or bearer form and in either temporary or definitive form. A global senior debt security may not be transferred, except as a whole, among the depository for that senior debt security and/or its nominees and/or successors. If any senior debt securities of a series are issuable as global securities, the applicable prospectus supplement or pricing supplement, if any, will describe any circumstances when beneficial owners of interest in that global security may exchange their interests for definitive senior debt securities of like series and tenor and principal amount in any authorized form and denomination, the manner of payment of principal of and interest, if any, on that global senior debt security and the specific terms of the depository arrangement with respect to that global senior debt security.

Discharge

Unless otherwise indicated in an applicable prospectus supplement or pricing supplement, if any, Occidental may terminate at any time its obligations under the Senior Indenture with respect to any series of senior debt securities by (1)(a) delivering all of the outstanding securities of that series to the Senior Indenture Trustee to be cancelled or (b) depositing with the Senior Indenture Trustee funds or non-callable United States government obligations sufficient to pay all remaining principal and interest on the series of senior debt securities and (2) complying with selected other provisions of the Senior Indenture.

If Occidental elects to satisfy its obligations by depositing United States obligations as described above ("discharge"), that election under present law is likely to be treated as a redemption of the senior debt securities of that series prior to maturity in exchange for the property deposited in trust. If so, each holder would generally recognize, at the time of discharge, gain or loss for United States federal income tax purposes measured by the difference between (1) the sum of (a) the amount of any cash and (b) the fair market value of any property deposited in trust deemed received by the holder (unless attributable to accrued interest) and (2) the holder's tax basis in the senior debt securities deemed surrendered. After the discharge, each holder would be treated as if it held an undivided interest in the cash (or investments made therewith) and the property held in trust. Each holder would generally be subject to tax liability in respect of interest income and original issue discount, if applicable, thereon and would recognize any gain or loss upon any disposition, including redemption, of the assets held in trust. Although tax might be owed, the holder of a discharged senior debt security would not receive cash (except for current payments of interest on that senior debt security) until the maturity or earlier redemption of that senior debt security. United States federal income tax treatment of this nature could affect the purchase price that a holder would receive upon the sale of the senior debt securities.

Information Concerning the Senior Indenture Trustee

The Senior Indenture Trustee, other than during the occurrence and continuance of an event of default under the Senior Indenture, undertakes to perform only those duties as are specifically set forth in the Senior Indenture and, upon an event of default under the Senior Indenture, must use the same degree of care as a prudent person would exercise or use in the conduct of his or her own affairs. Subject to this provision, the Senior Indenture Trustee is under no obligation to exercise any of the powers given it by the Senior Indenture at the request of any holder of senior debt securities unless it is offered reasonable security and indemnity by that holder against the costs, expenses and liabilities that it might incur. The Senior Indenture Trustee is not required to spend or risk its own money or otherwise become financially liable while performing its duties unless it reasonably believes that it will be repaid or receive adequate indemnity.

The Bank of New York is a participating lender under one of Occidental's revolving credit agreements, provides commercial banking services to Occidental and its affiliates and acts as the property trustee, preferred securities guarantee trustee and (through an affiliate) Delaware trustee with respect to an issue of trust preferred securities issued by an affiliate of Occidental. The Bank of New York is the Senior Indenture Trustee and will also act as the Subordinated Indenture Trustee, the Property Trustee and the Preferred Securities Guarantee Trustee. In addition, an affiliate of The Bank of New York will act as the Delaware Trustee under each trust. However, if The Bank of New York acquires any conflicting interest when an event of default is pending, it must (with certain exceptions) eliminate the conflict or resign.

Payment and Payment Agents

Unless otherwise indicated in the applicable prospectus supplement or pricing supplement, if any, payment of the interest on any senior debt securities (other than bearer securities) on any interest payment date will be made to the person in whose name those debt securities (or one or more predecessor securities) are registered at the close of business on the regular record date for the interest. Principal of and any premium and interest on the senior debt securities (other than bearer securities) of a particular series will be payable at the office of the paying agents that Occidental designates, except that, unless otherwise indicated in the applicable prospectus supplement or pricing supplement, if any, interest payments may be made by wire transfer or by check mailed to the holder.

Unless otherwise indicated in the applicable prospectus supplement or pricing supplement, if any, the corporate trust office of the Senior Indenture Trustee in The City of New York will be designated as sole paying agent for payments with respect to senior debt securities of each series. Any other paying agents initially designated by Occidental for the senior debt securities of a particular series will be named in the applicable prospectus supplement or pricing supplement, if any. Occidental will be required to maintain a paying agent in each place of payment for the senior debt securities of a particular series.

Unless otherwise indicated in an applicable prospectus supplement or pricing supplement, if any, interest shall be computed on the basis of a 360-day year comprised of twelve 30-day months.

Unless otherwise indicated in an applicable prospectus supplement or pricing supplement, if any, payment of principal of and interest, if any, on bearer securities will be made, subject to any applicable laws and regulations, at the offices of a paying agent outside the United States as Occidental may designate, or by check mailed to any address or by transfer to an account maintained by the payee outside the United States. Unless otherwise indicated in an applicable prospectus supplement or pricing supplement, if any, any payment of an installment of interest on any bearer security will be made only if the coupon relating to the interest installment is surrendered.

All moneys that Occidental pays to a paying agent or the Senior Indenture Trustee for the payment of the principal of or any premium or interest on any senior debt security which remain unclaimed at the end of two years after that principal, premium or interest has become due and payable will be repaid to Occidental, and the holder of the security thereafter may look only to Occidental for payment thereof.

Governing Law

The Senior Indenture and senior debt securities will be governed by and construed in accordance with the laws of the State of New York, except to the extent that the Trust Indenture Act shall be applicable.

DESCRIPTION OF SUBORDINATED DEBT SECURITIES

General

Occidental may sell one or more series of subordinated debt securities pursuant to this prospectus, including one series to each trust.

Below is a description of certain general terms of the subordinated debt securities. The description is not complete and is subject to and qualified in its entirety by reference to the Subordinated Indenture. The particular terms of a series of subordinated debt securities will be described in a prospectus supplement and, if applicable, a pricing supplement.

Each series of subordinated debt securities will be unsecured and will be subordinate and junior in priority of payment to certain of Occidental's other indebtedness to the extent described in a prospectus supplement. The Subordinated Indenture does not limit the amount of subordinated debt securities which Occidental may issue, nor does it limit Occidental or its subsidiaries from issuing any other secured or unsecured debt.

Occidental will issue the subordinated debt securities under the Subordinated Indenture. The Subordinated Indenture will be qualified under the Trust Indenture Act. The form of Subordinated Indenture is filed as an exhibit to the registration statement which includes this prospectus.

Each prospectus supplement, together with a pricing supplement, if applicable, will describe the following terms relating to a series of subordinated debt securities, as follows:

- the title;
- any limit on the amount that may be issued;
- whether or not that series of subordinated debt securities will be issued as registered securities, bearer securities or both;
- the price at which that series of subordinated debt securities will be issued, which may be at a discount;
- whether or not that series of subordinated debt securities will be issued in global form, the terms and who the depository will be;
- the maturity date(s);
- the person to whom any interest will be payable on any registered security, if other than the person in whose name that security is registered at the close of business on the regular record date;
- the annual interest rate(s), if any, (which may be fixed or variable) or the method for determining the rate(s) and the date(s) interest will begin to accrue, the date(s) interest will be payable and the regular record date(s) for interest payment date(s) or the method for determining such date(s);
- the place(s) where payments shall be payable, registered securities may be surrendered for registration of transfer, securities may be surrendered for exchange, and notices and demands to or upon Occidental may be served;
- the period(s) within which, and the price(s) at which, that series of subordinated debt securities may, pursuant to any optional or mandatory redemption provisions, be redeemed, in whole or in part, and other related terms and provisions;

- any mandatory or optional sinking fund provisions or any provisions for remarketing that series of subordinated debt securities and other related terms and provisions;

- the denominations in which that series of subordinated debt securities will be issued, if other than denominations of \$1,000 in the case of registered securities and any integral multiple thereof, and in the case of bearer securities, if other than denominations of \$5,000 and \$100,000;

- the currency or currencies, including composite currencies or currency units, in which that series of subordinated debt securities may be denominated or in which payment of the principal of and interest, if any, on that series of subordinated debt securities shall be payable, if other than the currency of the United States of America, and, if so, whether that series of subordinated debt securities may be satisfied and discharged other than as provided in Article Four of the Subordinated Indenture;

- if the amounts of payments of principal of and interest, if any, on that series of subordinated debt securities are to be determined with reference to an index, formula or other method, or based on a coin or currency other than that in which that series of subordinated debt securities are stated to be payable, the manner in which such amounts shall be determined and the calculation agent, if any, with respect thereto;

- if other than the principal amount thereof, the portion of the principal amount of that series of subordinated debt securities that will be payable upon declaration of acceleration of the maturity thereof pursuant to an event of default;

- if other than as defined in the Subordinated Indenture, the meaning of "Business Day" when used with respect to that series of subordinated debt securities;

- if that series of subordinated debt securities may be issued or delivered (whether upon original issuance or upon exchange of a temporary security of such series or otherwise), or any installment of principal or interest is payable, only upon receipt of certain certificates or other documents or satisfaction of other conditions in addition to those specified in the Subordinated Indenture, the forms and terms of those certificates, documents or conditions;

- the right, if any, to extend the interest payment periods and the duration of the extensions;

- the terms, if any, pursuant to which any series of subordinated debt securities will be subordinate to any of Occidental's debt;

- any addition to, or modification or deletion of, any event of default, covenant of Occidental or other term or provision specified in the Subordinated Indenture with respect to that series of subordinated debt securities; and

- any other terms (which terms may be inconsistent with the Subordinated Indenture).

Consolidation, Merger or Sale

The Subordinated Indenture generally permits Occidental to merge or consolidate, or sell, convey, transfer or otherwise dispose of its assets as an entirety or substantially as an entirety, provided that no event of default would occur as a result of that transaction. However, any successor or acquiror of such assets must assume all of the obligations of Occidental under the Subordinated Indenture and the subordinated debt securities and be organized and existing under U.S. laws.

Events of Defaults Under the Subordinated Indenture

The following are events of default under the Subordinated Indenture with respect to any series of subordinated debt securities issued:

- failure to pay interest when due and such failure continues for 30 days and the time for payment has not been extended or deferred;

- failure to pay the principal (or premium, if any) when due;

- failure to observe or perform any other covenant contained in the subordinated debt securities or the Subordinated Indenture (other than a covenant specifically benefitting only another series of subordinated debt securities), and such failure continues for 90 days after Occidental receives notice from the Subordinated Indenture Trustee or holders of at least 25 percent in aggregate principal amount of the outstanding subordinated debt securities of that series;

certain events of bankruptcy, insolvency or reorganization of Occidental;

- if that series of subordinated debt securities are held by a trust, the voluntary or involuntary dissolution, winding up or termination of the trust that owns the series of subordinated debt securities, except in connection with:
 - (1) the distribution of that series of subordinated debt securities to holders of preferred and common securities of the trust;
 - (2) the redemption of all of the preferred and common securities of the trust; or
 - (3) mergers, consolidations or amalgamations permitted by the Declaration of the trust; and
- any other event of default specified in the prospectus supplement or pricing supplement, if any, relating to that series of subordinated debt securities.

If an event of default with respect to subordinated debt securities of any series occurs and is continuing, the Subordinated Indenture Trustee or the holders of at least 25 percent in aggregate principal amount of the outstanding subordinated debt securities of that series, by notice in writing to Occidental (and to the Subordinated Indenture Trustee if notice is given by such holders), may declare the principal of (or if such subordinated debt securities are discount securities, the portion of the principal amount as specified in the applicable prospectus supplement or pricing supplement, if any), premium, if any, and accrued interest, if any, due and payable immediately.

The holders of a majority in aggregate principal amount of the outstanding subordinated debt securities of an affected series (or if that series of subordinated debt securities are held by a trust, the holders of at least a majority in aggregate liquidation amount of the trust's preferred securities) may waive any past default or event of default with respect to that series and its consequences, except defaults or events of default regarding:

- payment of principal or interest; or
- covenants that cannot be modified or amended without the consent of each holder of any outstanding subordinated debt securities affected (as described under "—Modification of Subordinated Indenture; Waiver" below).

Any waiver shall cure the corresponding default or event of default. If the subordinated debt securities of any series are held by a trust, and a Declaration Event of Default (as defined under "Description of Preferred Securities—Declaration Events of Default" below) has occurred and is attributable to Occidental's failure to pay principal, premium, if any, or interest on, those subordinated debt securities, then each holder of the preferred securities of the trust may sue Occidental, or seek other remedies to force payment to the holder of the principal of, premium, if any, or interest on, those subordinated debt securities having a principal amount equal to the aggregate liquidation amount of the preferred securities held by the holder.

Subject to the terms of the Subordinated Indenture, if an event of default under the Subordinated Indenture shall occur and be continuing, the Subordinated Indenture Trustee will be under no obligation to exercise any of its rights or powers under the Subordinated Indenture at the request or direction of any of the holders of the applicable series of subordinated debt securities, unless the

holders have offered the Subordinated Indenture Trustee reasonable security or indemnity. The holders of a majority in principal amount of the outstanding subordinated debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Subordinated Indenture Trustee, or exercising any trust or power conferred on the Subordinated Indenture Trustee, with respect to the subordinated debt securities of that series, provided that:

- the direction given to the Subordinated Indenture Trustee is not in conflict with any law or the Subordinated Indenture;
- the Subordinated Indenture Trustee may take any other action deemed proper by it which is not inconsistent with that direction; and
- the Subordinated Indenture Trustee has not determined that the action would be unjustly prejudicial to the holders not involved in the proceeding.

A holder of the subordinated debt securities of any series will have the right to institute a proceeding under the Subordinated Indenture or to appoint a receiver or trustee, or to seek other remedies only if:

- the holder has given written notice to the Subordinated Indenture Trustee of a continuing event of default with respect to that series;
- the holders of at least 25 percent in aggregate principal amount of the outstanding subordinated debt securities of that series have made written request to, and have offered reasonable indemnity to, the Subordinated Indenture Trustee to institute the proceedings as trustee; and
- the Subordinated Indenture Trustee does not institute the proceeding, and does not receive from the holders of a majority in aggregate principal amount of the outstanding subordinated debt securities of that series other conflicting directions, within 60 days after the notice, request and offer.

These limitations do not apply to a suit instituted by a holder of subordinated debt securities if Occidental defaults in the payment of the principal, premium, if any, or interest on, the subordinated debt securities.

Occidental will periodically file statements with the Subordinated Indenture Trustee regarding its compliance with the conditions and covenants in the Subordinated Indenture.

Modification of Subordinated Indenture; Waiver

Occidental and the Subordinated Indenture Trustee may change the Subordinated Indenture without the consent of any holders with respect to certain matters, including:

- evidencing the succession of another person to Occidental and the assumption by it of the covenants of Occidental in the Subordinated Indenture and the corresponding series of securities;
- adding to the covenants, agreements and obligations of Occidental for the benefit of the holders of that series of subordinated debt securities, or to surrender any right or power the Subordinated Indenture confers upon Occidental;
- evidencing and providing for the acceptance of appointment under the Subordinated Indenture of a successor Subordinated Indenture Trustee with respect to the securities of one or more series and to add to or change any provision of the Subordinated Indenture as shall be necessary to provide for or facilitate the administration of the trusts by more than one Subordinated Indenture Trustee;

21

-
- curing any ambiguity or correcting any inconsistency in the Subordinated Indenture or making other provisions with respect to matters or questions arising under the Subordinated Indenture;
 - adding, changing or eliminating any provisions of the Subordinated Indenture (which addition, change or elimination may apply to one or more series of subordinated debt securities), provided that the addition, change or elimination neither (a) applies to any security of any series created prior to the execution of the supplemental indenture that is entitled to the benefit of the provision nor (b) modifies the rights of holders of the securities with respect to the modified provisions;
 - securing the securities; or
 - changing anything else that does not adversely affect the interests of any holder of subordinated debt securities.

In addition, under the Subordinated Indenture, the rights of holders of a series of subordinated debt securities may be changed by Occidental and the Subordinated Indenture Trustee with the written consent of the holders of at least a majority in aggregate principal amount of the outstanding subordinated debt securities of each series that is affected. However, the following changes, among other things, may only be made with the consent of each holder of any outstanding subordinated debt securities affected:

- changing the stated maturity of such subordinated debt securities;
- reducing the principal amount of a discount security payable upon declaration of acceleration;
- reducing the principal amount, reducing the rate of or extending the time of payment of interest, or reducing any premium payable upon the redemption of any of the subordinated debt securities;
- changing the place or currency of payment of principal or interest, if any, on any of the subordinated debt securities;
- impairing the right to institute suit for the enforcement of any payment on or with respect to any of the subordinated debt securities; and
- modifying any of the foregoing requirements or reducing the percentage of subordinated debt securities, the holders of which are required to consent to any amendment or waiver of any covenant or past default.

If the consent of the Property Trustee of a trust, as the sole holder of subordinated debt securities held by the trust, is required to consent to any amendment, modification or termination of the Subordinated Indenture, the Property Trustee will request directions from the holders of the preferred securities of the applicable trust.

Form, Exchange and Transfer

The subordinated debt securities of each series may be issued as registered securities, as bearer securities (with or without coupons) or both. Unless otherwise specified in the applicable prospectus supplement or the pricing supplement, if any, registered securities will be issued in denominations of \$1,000 and any integral multiple thereof and bearer securities will be issued in denominations of \$5,000 and \$100,000. Subject to the terms of the Subordinated Indenture and the limitations applicable to global securities described in the applicable prospectus supplement or the pricing supplement, if any, registered securities will be exchangeable for other registered securities of the same series, in any authorized denomination and of like tenor and aggregate principal amount.

Subject to the terms of the Subordinated Indenture and the limitations applicable to global securities set forth in the applicable prospectus supplement or pricing supplement, if any, subordinated debt securities issued as registered securities may be presented for exchange or for registration of transfer (duly endorsed or with the form of transfer duly executed) at the office of the Security Registrar or at the office of any transfer agent designated by Occidental for that purpose. Bearer securities will not be issued in exchange for registered securities. Unless otherwise provided in the subordinated debt securities to be transferred or exchanged, no service charge will be made for any registration of transfer or exchange, but Occidental may require payment of any taxes or other governmental charges. Occidental has appointed the Subordinated Indenture Trustee as Security Registrar. Any transfer agent (in addition to the Security Registrar) initially designated by Occidental for any subordinated debt securities will be named in the applicable prospectus supplement. Occidental may at any time designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts, except that Occidental will be required to maintain a transfer agent in each place of payment for the subordinated debt securities of each series.

If the subordinated debt securities of any series are to be redeemed, Occidental will not be required to:

- issue, register the transfer of, or exchange any subordinated debt securities of, that series during a period beginning at the opening of business 15 days before any selection of subordinated debt securities for redemption and ending, in the case of registered securities, at the close of business on the day of mailing of the relevant notice of redemption and, in the case of bearer securities, the first publication date of the notice, or if the subordinated debt securities of that series are also issuable as registered securities and there is no publication, at the close of business on the day of mailing of the notice;
- in the case of registered securities, register the transfer of or exchange any subordinated debt securities so selected for redemption, in whole or in part, except the unredeemed portion of any registered security being redeemed in part; or
- in the case of bearer securities, exchange any subordinated debt securities so selected for redemption, except to exchange a bearer security for a registered security that is immediately surrendered for redemption.

Global Securities

The subordinated debt securities of each series may be issued in whole or in part in global form. A subordinated debt security in global form will be deposited with, or on behalf of, a depository, which will be named in an applicable prospectus supplement or pricing supplement, if any. A global security may be issued in either registered or bearer form and in either temporary or definitive form. A global subordinated debt security may not be transferred, except as a whole among the depository for those subordinated debt securities and/or its nominees and/or successors. If any subordinated debt securities of a series are issuable as global securities, the applicable prospectus supplement or pricing supplement, if any, will describe any circumstances when beneficial owners of interests in that global security may exchange their interests for definitive subordinated debt securities of like series and tenor and principal amount in any authorized form and denomination, the manner of payment of principal of and interest, if any, on that global subordinated debt security and the specific terms of the depository arrangement with respect to that global subordinated debt security.

Discharge

Unless otherwise indicated in an applicable prospectus supplement or pricing supplement, if any, Occidental may terminate at any time its obligations under the Subordinated Indenture with respect to

any series of subordinated debt securities by (1)(a) delivering all of the outstanding securities of that series to the Subordinated Indenture Trustee to be cancelled or (b) depositing with the Subordinated Indenture Trustee funds or non-callable United States government obligations sufficient to pay all remaining principal and interest on the series of subordinated debt securities and (2) complying with selected other provisions of the Subordinated Indenture.

If Occidental elects to satisfy its obligations by depositing United States obligations as described above ("discharge"), that election under present law is likely to be treated as a redemption of the subordinated debt securities of that series prior to maturity in exchange for the property deposited in trust. If so, each holder would generally recognize, at the time of discharge, gain or loss for United States federal income tax purposes measured by the difference between (1) the sum of (a) the amount of any cash and (b) the fair market value of any property deposited in trust deemed received by the holder (unless attributable to accrued interest) and (2) the holder's tax basis in the subordinated debt securities deemed surrendered. After the discharge, each holder would be treated as if it held an undivided interest in the cash (or investments made therewith) and the property held in trust. Each holder would generally be subject to tax liability in respect of interest income and original issue discount, if applicable, thereon and would recognize any gain or loss upon any disposition, including redemption, of the assets held in trust. Although tax might be owed, the holder of a discharged subordinated debt security would not receive cash (except for current payments of interest on that subordinated debt security) until the maturity or earlier redemption of that subordinated debt security. United States federal income tax treatment of this nature could affect the purchase price that a holder would receive upon the sale of the subordinated debt securities.

Information Concerning the Subordinated Indenture Trustee

The Subordinated Indenture Trustee, other than during the occurrence and continuance of an event of default under the Subordinated Indenture, undertakes to perform only those duties as are specifically set forth in the Subordinated Indenture and, upon an event of default under the Subordinated Indenture, must use the same degree of care as a prudent person would exercise or use in the conduct of his or her own affairs. Subject to this provision, the Subordinated Indenture Trustee is under no obligation to exercise any of the powers given it by the Subordinated Indenture at the request of any holder of subordinated debt securities unless it is offered reasonable security and indemnity by that holder against the costs, expenses and liabilities that it might incur. The Subordinated Indenture Trustee is not required to spend or risk its own money or otherwise become financially liable while performing its duties unless it reasonably believes that it will be repaid or receive adequate indemnity.

The Bank of New York is a participating lender under one of Occidental's revolving credit agreements, provides commercial banking services to Occidental and its affiliates and acts as the property trustee, preferred securities guarantee trustee and (through an affiliate) the Delaware trustee with respect to an issue of

trust preferred securities issued by an affiliate of Occidental. The Bank of New York is the Senior Indenture Trustee and will also act as the Subordinated Indenture Trustee, the Property Trustee and the Preferred Securities Guarantee Trustee. In addition, an affiliate of The Bank of New York will act as the Delaware Trustee under each trust. However, if The Bank of New York acquires any conflicting interest when an event of default is pending, it must (with certain exceptions) eliminate the conflict or resign.

Payment and Payment Agents

Unless otherwise indicated in the applicable prospectus supplement or pricing supplement, if any, payment of the interest on any subordinated debt securities (other than bearer securities) on any interest payment date will be made to the person in whose name those subordinated debt securities (or

24

one or more predecessor securities) are registered at the close of business on the regular record date for the interest.

Principal of and any premium and interest on the subordinated debt securities (other than bearer securities) of a particular series will be payable at the office of the paying agents that Occidental designates, except that, unless otherwise indicated in the applicable prospectus supplement or pricing supplement, if any, interest payments may be made by wire transfer or by check mailed to the holder. Unless otherwise indicated in the applicable prospectus supplement or pricing supplement, if any, the corporate trust office of the Subordinated Indenture Trustee in The City of New York will be designated as sole paying agent for payments with respect to subordinated debt securities of each series. Any other paying agents initially designated by Occidental for the subordinated debt securities of a particular series will be named in the applicable prospectus supplement or pricing supplement, if any. Occidental will be required to maintain a paying agent in each place of payment for the subordinated debt securities of a particular series.

Unless otherwise indicated in the applicable prospectus supplement or pricing supplement, if any, interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Unless otherwise indicated in an applicable prospectus supplement or pricing supplement, if any, payment of principal of and interest, if any, on bearer securities will be made, subject to any applicable laws and regulations, at the offices of a paying agent outside the United States as Occidental may designate, or by check mailed to any address or by transfer to an account maintained by the payee outside the United States. Unless otherwise indicated in an applicable prospectus supplement or pricing supplement, if any, any payment of an installment of interest on any bearer security will be made only if the coupon relating to the interest installment is surrendered.

All moneys that Occidental pays to a paying agent or the Subordinated Indenture Trustee for the payment of the principal of or any premium or interest on any subordinated debt securities which remain unclaimed at the end of two years after that principal, premium or interest has become due and payable will be repaid to Occidental, and the holder of the security thereafter may look only to Occidental for payment thereof.

Governing Law

The Subordinated Indenture and subordinated debt securities will be governed by and construed in accordance with the laws of the State of New York except to the extent that the Trust Indenture Act shall be applicable.

25

DESCRIPTION OF PREFERRED STOCK

General

Occidental's Restated Certificate of Incorporation, as amended, authorizes Occidental's Board of Directors, without further stockholder action, to provide for the issuance of up to 50,000,000 shares of preferred stock, par value \$1.00 per share, in one or more series, and to fix the designations, terms, and relative rights and preferences, including the dividend rate, voting rights, conversion rights, redemption and sinking fund provisions and liquidation values of each of these series. Occidental may amend from time to time its restated certificate to increase the number of authorized shares of preferred stock. Any such amendment would require the approval of the holders of a majority of Occidental's stock entitled to vote.

The particular terms of any series of preferred stock that Occidental offers under this prospectus will be described in the applicable prospectus supplement relating to that series of preferred stock. Those terms may include:

- the title and liquidation preference per share of the preferred stock and the number of shares offered;
- the purchase price of the preferred stock;
- the dividend rate (or method of calculation), the dates on which dividends will be paid, whether dividends shall be cumulative and, if so, the date from which dividends will begin to accumulate;
- any redemption or sinking fund provisions of the preferred stock;
- any conversion provisions of the preferred stock (which will not include conversion into common stock);
-

the voting rights, if any, of the preferred stock; and

•
any additional dividend, liquidation, redemption, sinking fund and other rights, preferences, privileges, limitations and restrictions of the preferred stock.

If the terms of any series of preferred stock being offered differ from the terms set forth in this prospectus, those terms will also be disclosed in the applicable prospectus supplement relating to that series of preferred stock. The summary in this prospectus is not complete. You should refer to the certificate of designations establishing a particular series of preferred stock which will be filed with the Secretary of State of the State of Delaware and the SEC in connection with the offering of the preferred stock.

The preferred stock will, when issued, be fully paid and nonassessable.

Dividend Rights

The preferred stock will be preferred over the common stock as to payment of dividends. Before any dividends or distributions (other than dividends or distributions payable in common stock or other stock ranking junior to that series of preferred stock as to dividends and upon liquidation) on the common stock or other stock ranking junior to that series of preferred stock as to dividends and upon liquidation shall be declared and set apart for payment or paid, the holders of shares of each series of preferred stock (unless otherwise set forth in the applicable prospectus supplement) will be entitled to receive dividends when, as and if declared by Occidental's Board of Directors or, if dividends are cumulative, full cumulative dividends for the current and all prior dividend periods. Occidental will pay those dividends either in cash, shares of preferred stock or otherwise, at the rate and on the date or dates set forth in the applicable prospectus supplement. With respect to each series of preferred stock that has cumulative dividends, the dividends on each share of the series will be cumulative from the

26

date of issue of the share unless some other date is set forth in the prospectus supplement relating to the series. Accruals of dividends will not bear interest. The applicable prospectus supplement will indicate the relative ranking of the particular series of the preferred stock as to the payment of dividends, as compared with then existing and future series of preferred stock.

Rights Upon Liquidation

The preferred stock of each series will be preferred over the common stock and other stock ranking junior to that series of preferred stock as to assets so that the holders of that series of preferred stock (unless otherwise set forth in the applicable prospectus supplement) will be entitled to be paid, upon Occidental's voluntary or involuntary liquidation, dissolution or winding up and before any distribution is made to the holders of common stock and other stock ranking junior to that series of preferred stock, the amount set forth in the applicable prospectus supplement. However, in this case the holders of preferred stock of that series will not be entitled to any other or further payment. If upon any liquidation, dissolution or winding up Occidental's net assets are insufficient to permit the payment in full of the respective amounts to which the holders of all outstanding preferred stock are entitled, Occidental's entire remaining net assets will be distributed among the holders of each series of preferred stock in amounts proportional to the full amounts to which the holders of each series are entitled, subject to any provisions of any series of preferred stock that rank it junior or senior to other series of preferred stock upon liquidation. The applicable prospectus supplement will indicate the relative ranking of the particular series of the preferred stock upon liquidation, as compared with then existing and future series of preferred stock.

Redemption

The shares of any series of preferred stock will be redeemable to the extent set forth in the prospectus supplement relating to the series.

Voting Rights

Except as indicated in the applicable prospectus supplement or as otherwise from time to time required by law, the holders of preferred stock will have no voting rights.

Certain Provisions of the Restated Certificate of Incorporation and By-laws

The Restated Certificate of Incorporation, as amended, and By-laws of Occidental contain certain provisions which may have the effect of delaying, deferring or preventing a change of control of Occidental. The By-laws limit the ability of stockholders to change the number of directors. Only the Board of Directors or the Chairman of the Board of Directors may call a special meeting of our stockholders, and any action required or permitted to be taken by the stockholders of Occidental must be effected at an annual or special meeting of stockholders of Occidental and may not be effected by any consent in writing of such stockholders. The By-laws of Occidental contain certain requirements concerning advance notice of (i) nominations by stockholders of persons for election to the Board of Directors and (ii) other matters introduced by stockholders at annual meetings. In addition, the Board of Directors generally has the authority, without further action by stockholders, to fix the relative powers, preferences and rights of the unissued shares of preferred stock of Occidental. Provisions which could discourage an unsolicited tender offer or takeover proposal, such as extraordinary voting, dividend, redemption or conversion rights, could be included in a series of preferred stock.

27

DESCRIPTION OF DEPOSITARY SHARES

General

Occidental may elect to offer fractional shares of preferred stock of a series, rather than full shares of preferred stock. Occidental will issue to the public receipts for depositary shares, and each of these depositary shares will represent a fraction of a share of a particular series of preferred stock. The fraction of a share of preferred stock represented by each depositary share will be set forth in the applicable prospectus supplement.

The shares of any series of preferred stock underlying the depositary shares will be deposited under a deposit agreement between Occidental and a bank or trust company selected by Occidental. The depositary will have its principal office in the United States and a combined capital and surplus of at least \$50,000,000. Subject to the terms of the deposit agreement, each holder of a depositary share will be entitled, in proportion to the applicable fraction of a share of preferred stock underlying that depositary share, to all the rights and preferences of the preferred stock underlying that depositary share. Those rights include dividend, voting, redemption and liquidation rights.

The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement. Occidental will distribute depositary receipts to those persons purchasing the fractional shares of preferred stock of a series underlying the depositary shares, in accordance with the terms of the offering. Occidental will file copies of the forms of deposit agreement and depositary receipt as exhibits to the registration statement. The following summary of the deposit agreement, the depositary shares and the depositary receipts is not complete and is subject to and qualified in its entirety by reference to the forms of the deposit agreement and depositary receipts that Occidental will file with the SEC in connection with the offering of the specific depositary shares.

Pending the preparation of definitive engraved depositary receipts, the depositary may, upon Occidental's written order, issue temporary depositary receipts substantially identical to the definitive depositary receipts but not in definitive form. These temporary depositary receipts entitle their holders to all the rights of definitive depositary receipts which Occidental will prepare without unreasonable delay. Temporary depositary receipts will then be exchangeable for definitive depositary receipts at Occidental's expense.

Dividends and Other Distributions

The depositary will distribute all cash dividends or other cash distributions received with respect to the applicable series of preferred stock to the record holders of depositary shares relating to the preferred stock of that series in proportion to the number of depositary shares owned by those holders.

If there is a distribution other than in cash, the depositary will distribute property received by it to the record holders of depositary shares that are entitled to receive the distribution, unless the depositary determines that the distribution cannot be made proportionately or it is not feasible to make the distribution. If this occurs, the depositary may, with Occidental's approval, sell the property and distribute the net proceeds from the sale to the applicable holders or adopt another method of distribution as it deems equitable.

Conversion or Exchange

If a series of preferred stock represented by depositary shares is subject to provisions relating to conversion or exchange as set forth in the applicable prospectus supplement, each holder of the related depositary shares will have the right or obligation to convert or exchange depositary shares in accordance with its terms.

Redemption of Depositary Shares

If a series of preferred stock represented by depositary shares is subject to redemption, the depositary shares will be redeemed from the proceeds received by the depositary resulting from the redemption, in whole or in part, of that series of preferred stock held by the depositary. The redemption price per depositary share will be equal to the applicable fraction of the redemption price per share payable with respect to that series of the preferred stock. Whenever Occidental redeems shares of preferred stock that are held by the depositary, the depositary will redeem, as of the same redemption date, the number of depositary shares representing the shares of preferred stock so redeemed. If fewer than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as may be determined by Occidental. The rights of holders of depositary shares after the date fixed for redemption will be described in the applicable prospectus supplement.

Voting the Preferred Stock

Upon receipt of notice of any meeting at which the holders of the preferred stock are entitled to vote, the depositary will mail the information contained in the notice to the record holders of the depositary shares underlying the preferred stock. Each record holder of the depositary shares on the record date (which will be the same date as the record date for the preferred stock) will be entitled to instruct the depositary as to the exercise of the voting rights pertaining to the amount of the preferred stock represented by that holder's depositary shares. The depositary will then try, as far as practicable, to vote the number of shares of preferred stock underlying those depositary shares in accordance with the instructions. Occidental will agree to take all reasonable actions which may be deemed necessary by the depositary to enable the depositary to do so. The depositary will not vote the shares of preferred stock to the extent it does not receive specific instructions from the holders of depositary shares underlying the preferred stock.

Amendment and Termination of the Deposit Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement may at any time be amended by agreement between Occidental and the depositary. However, any amendment which materially and adversely alters the rights of the holders of depositary shares will not be effective unless the amendment has been approved by the holders of at least a majority of the depositary shares then outstanding.

Whenever so directed by Occidental, the depositary will terminate the deposit agreement by mailing notice of termination to the record holders of all depositary receipts then outstanding at least 30 days prior to the date fixed in the notice for termination. The depositary may likewise terminate the deposit agreement if at any time 60 days shall have expired after the depositary shall have delivered to Occidental a written notice of its election to resign and a successor depositary shall not have been appointed and accepted its appointment. If any depositary receipts remain outstanding after the date of termination, the depositary thereafter will discontinue the transfer of depositary receipts, will suspend the distribution of dividends to the holders thereof, and will not give any further notices (other than notice of termination) or perform any further acts under the deposit agreement except that the depositary will continue (1) to collect dividends on the preferred stock and any other distributions with respect thereto and (2) to deliver the preferred stock together with those dividends and distributions and the net proceeds of any sales of rights, preferences, privileges and other property, without liability for interest thereon, in exchange for depositary receipts surrendered.

Charges of Depositary

Occidental will pay charges of the depositary in connection with the initial deposit of the preferred stock, any redemption of the preferred stock and other administrative matters. Holders of depositary receipts will pay transfer and other taxes and governmental charges and those other charges, including a fee for the withdrawal of shares of preferred stock upon surrender of depositary receipts, as are expressly provided in the deposit agreement to be for their accounts.

Miscellaneous

The depositary will forward to holders of depositary receipts all reports and communications from Occidental delivered to the depositary required to be furnished to the holders of the preferred stock.

Neither Occidental nor the depositary will be liable if it is prevented or delayed by law or any circumstance beyond its control in performing its respective obligations under the deposit agreement. Occidental's obligations and those of the depositary will be limited to performance in good faith of its respective duties under the deposit agreement. Neither Occidental nor the depositary will be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. Occidental and the depositary may rely upon written advice of counsel or accountants, or upon information provided by persons presenting preferred stock for deposit, holders of depositary receipts or other persons believed to be competent and on documents believed to be genuine.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering notice to Occidental of its election to resign. Occidental may remove the depositary at any time. Any resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of the appointment. The successor depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

DESCRIPTION OF PREFERRED SECURITIES

General

Each Declaration authorizes the Regular Trustees to issue on behalf of each trust one series of preferred securities which will have the terms described in a prospectus supplement. The proceeds from the sale of a trust's preferred and common securities will be used by that trust to purchase a series of subordinated debt securities issued by Occidental. The subordinated debt securities will be held in trust by the Property Trustee for the benefit of the holders of the trust's preferred and common securities.

Under each Preferred Securities Guarantee, Occidental will agree to make payments of distributions and payments on redemption or liquidation with respect to a trust's preferred securities, but only to the extent the trust has funds available to make those payments and has not made such payments. See "Description of Preferred Securities Guarantees."

The assets of a trust available for distribution to the holders of its preferred securities will be limited to payments from Occidental under the series of subordinated debt securities held by the trust. If Occidental fails to make a payment on those subordinated debt securities, the trust will not have sufficient funds to make related payments, including distributions, on its preferred securities.

Each Preferred Securities Guarantee, when taken together with Occidental's obligations under the related series of subordinated debt securities, the Subordinated Indenture and the related Declaration, will provide a full and unconditional guarantee of amounts due on the preferred securities issued by a trust.

Each Declaration will be qualified as an indenture under the Trust Indenture Act. Each Property Trustee will act as indenture trustee for the preferred securities to be issued by the applicable trust, in order to comply with the provisions of the Trust Indenture Act.

Each series of preferred securities will have the terms, including distributions, redemption, voting, liquidation rights and other preferred, deferred or special rights or restrictions as described in the relevant Declaration or made part of such Declaration by the Trust Indenture Act or the Delaware Business Trust Act. The terms of any preferred securities will mirror the terms of the subordinated debt securities held by the trust that issues the preferred securities.

The prospectus supplement relating to the preferred securities of a trust will describe the specific terms of the preferred securities, including:

- the name of the preferred securities;
- the dollar amount and number of securities issued;
- any provision relating to deferral of distribution payments;
- the annual distribution rate(s) (or method of determining that rate(s)), the payment date(s) and the record dates used to determine the holders who are to receive distributions;
- the date from which distributions shall be cumulative;
- the optional redemption provisions, if any, including the prices, time periods and other terms and conditions for which the preferred securities shall be purchased or redeemed, in whole or in part;

- the terms and conditions, if any, upon which the applicable series of subordinated debt securities may be distributed to holders of the preferred securities;
- the voting rights, if any, of holders of the preferred securities;
- any securities exchange on which the preferred securities will be listed;

-
- whether the preferred securities are to be issued in book-entry form and represented by one or more global certificates and, if so, the depository for the global certificates and the specific terms of the depository arrangements; and
 - any other relevant rights, preferences, privileges, limitations or restrictions of the preferred securities.

Each prospectus supplement will describe certain United States federal income tax considerations applicable to the purchase, holding and disposition of the series of preferred securities covered by that prospectus supplement.

Liquidation Distribution Upon Dissolution

Unless otherwise specified in an applicable prospectus supplement, each Declaration states that the related trust shall be dissolved:

- on the expiration of the term of the trust;
- upon the bankruptcy of Occidental;
- upon the filing of a certificate of dissolution or its equivalent with respect to Occidental;
- upon the filing of a certificate of cancellation with respect to the trust after obtaining the consent of at least a majority in liquidation amount of the preferred and common securities of the trust, voting together as a single class;
- 90 days after the revocation of the charter of Occidental (but only if the charter is not reinstated during that 90-day period);
- upon the distribution of the related subordinated debt securities directly to the holders of the preferred and common securities of the trust;
- upon the redemption of all of the common and preferred securities of the trust; or
- upon entry of a court order for the dissolution of Occidental, or the trust.

Unless otherwise specified in an applicable prospectus supplement, in the event of a dissolution, after the trust pays all amounts owed to creditors, the holders of the preferred and common securities will be entitled to receive:

- cash equal to the aggregate liquidation amount of each preferred and common security specified in an accompanying prospectus supplement, plus accumulated and unpaid distributions to the date of payment; unless
- subordinated debt securities in an aggregate principal amount equal to the aggregate liquidation amount of the preferred and common securities are distributed to the holders of the preferred and common securities.

If the trust cannot pay the full amount due on its preferred and common securities because insufficient assets are available for payment, then the amounts payable by the trust on its preferred and common securities shall be paid pro rata. However, if an event of default under the related Declaration has occurred, the total amounts due on the preferred securities will be paid before any distribution on such common securities.

Declaration Events of Default

An event of default under the Subordinated Indenture relating to a series of subordinated debt securities is an event of default under the Declaration of the trust that owns these subordinated debt

Occidental and the Regular Trustees of a trust must file annually with the Property Trustee a certificate stating whether or not they are in compliance with all the applicable conditions and covenants under the related Declaration.

Upon the occurrence of a Declaration Event of Default, the Property Trustee of the applicable trust, as the sole holder of the subordinated debt securities held by that trust, will have the right under the Subordinated Indenture to declare the principal of, premium, if any, and interest on the subordinated debt securities to be immediately due and payable.

If a Property Trustee fails to enforce its rights under the related Declaration or the Subordinated Indenture to the fullest extent permitted by law and subject to the terms of the Declaration and the Subordinated Indenture, any holder of the preferred securities issued by the related trust may sue Occidental, or seek other remedies, to enforce the Property Trustee's rights under the Declaration or the Subordinated Indenture without first instituting a legal proceeding against such Property Trustee or any other person.

If Occidental fails to pay principal, premium, if any, or interest on a series of subordinated debt securities when payable, then a holder of the related preferred securities issued by a trust which owns those notes may directly sue Occidental or seek other remedies, to collect its pro rata share of payments owed.

Removal and Replacement of Trustees

Only the holder of a trust's common securities has the right to remove or replace the trustees of that trust. The resignation or removal of any trustee and the appointment of a successor trustee shall be effective only on the acceptance of appointment by the successor trustee in accordance with the provisions of the Declaration for that trust.

Mergers, Consolidations or Amalgamations of the Trusts

A trust may not consolidate, amalgamate, merge with or into, or be replaced by or convey, transfer or lease its properties and assets substantially as an entirety to any other corporation or other body ("Merger Event"), except as described below. A trust may, with the consent of a majority of its Regular Trustees and without the consent of the holders of its preferred and common securities, consolidate, amalgamate, merge with or into, or be replaced by another trust, if:

- the successor entity either
 - (1) assumes all of the obligations of the trust relating to its preferred and common securities; or
 - (2) substitutes for the trust's preferred and common securities other securities substantially similar to those preferred and common securities ("successor securities"), so long as the successor securities rank the same as the trust's preferred and common securities for distributions and payments upon liquidation, redemption and otherwise;
- Occidental acknowledges a trustee of the successor entity who has the same powers and duties as the Property Trustee of the trust as the holder of the particular series of subordinated debt securities;
- the preferred securities are listed, or any successor securities will be listed, upon notice of issuance, on the same national securities exchange or other organization that the trust's preferred securities are then listed;

-
- the Merger Event does not cause the trust's preferred securities or successor securities to be downgraded by any national rating agency;
 - the Merger Event does not adversely affect the rights, preferences and privileges of the holders of the trust's preferred and common securities or successor securities in any material way (other than with respect to any dilution of the holders' interest in the new entity);
 - the successor entity has a purpose identical to that of the trust;
 - prior to the Merger Event, Occidental has received an opinion of counsel from a law firm stating that
 - (1) the Merger Event does not adversely affect the rights of the holders of the trust's preferred securities or any successor securities in any material way (other than with respect to any dilution of the holders' interest in the new entity); and
 - (2) following the Merger Event, neither the trust nor the successor entity will be required to register as an investment company under the Investment Company Act of 1940, as amended (the "Investment Company Act"); and
 - Occidental guarantees the obligations of the successor entity under the successor securities in the same manner as in the applicable Preferred Securities Guarantee and the guarantee of the common securities for the trust.

In addition, unless all of the holders of the preferred and common securities approve otherwise, a trust shall not consolidate, amalgamate, merge with or into, or be replaced by any other entity or permit any other entity to consolidate, amalgamate, merge with or into, or replace it, if that transaction would cause the trust or the successor entity to be classified other than as a grantor trust for United States federal income tax purposes.

Voting Rights; Amendment of Declarations

The holders of a trust's preferred securities have no voting rights except as discussed under "—Mergers, Consolidations or Amalgamations of the Trust" and "Description of Preferred Securities Guarantees—Amendments and Assignment," and as otherwise required by law and the Declaration for that trust.

A Declaration may be amended if approved by a majority of the Regular Trustees of the applicable trust. However, if any proposed amendment provides for, or the Regular Trustees otherwise propose to effect:

- (1) any action that would adversely affect the powers, preferences or special rights of the trust's preferred and common securities, whether by way of amendment to the trust's Declaration or otherwise; or
- (2) the dissolution, winding-up or termination of the trust other than pursuant to the terms of its Declaration,

then the holders of the trust's preferred and common securities as a single class will be entitled to vote on the amendment or proposal. In that case, the amendment or proposal will be effective only if approved by at least a majority in liquidation amount of the preferred and common securities affected by the amendment or proposal.

If any amendment or proposal referred to in clause (1) above would adversely affect only the preferred securities or the common securities of a trust, then only the affected class will be entitled to vote on the amendment or proposal and the amendment or proposal will only be effective with the approval of at least a majority in liquidation amount of the affected class.

No amendment may be made to a Declaration if that amendment would:

- cause the related trust to be characterized as other than a grantor trust for United States federal income tax purposes;
- reduce or otherwise adversely affect the powers of the Property Trustee; or
- cause the related trust to be deemed to be an "investment company" which is required to be registered under the Investment Company Act.

The holders of a majority in aggregate liquidation amount of the preferred securities of each trust have the right to:

- direct the time, method and place of conducting any proceeding for any remedy available to the Property Trustee of the trust; or
- direct the exercise of any trust or power conferred upon such Property Trustee under that trust's Declaration, including the right to direct the Property Trustee, as the holder of a series of subordinated debt securities, to

- (1) exercise the remedies available under the Subordinated Indenture with respect to any subordinated debt securities;
- (2) waive any event of default under the Subordinated Indenture that is waivable; or
- (3) cancel an acceleration of the principal of the subordinated debt securities.

However, if the Subordinated Indenture requires the consent of the holders of more than a majority in aggregate principal amount of a series of subordinated debt securities (a "super-majority"), then the Property Trustee for the series must get approval of the holders of a super-majority in liquidation amount of the series of preferred securities.

In addition, before taking any of the foregoing actions, the Property Trustee must obtain an opinion of counsel stating that, as a result of the action will not result in the failure of the trust to continue to be classified as a grantor trust for United States federal income tax purposes.

The Property Trustee of a trust will notify all preferred securities holders of that trust of any notice received from the Subordinated Indenture Trustee with respect to the subordinated debt securities held by that trust.

As described in each Declaration, the Property Trustee may hold a meeting to have preferred securities holders vote on a change or have them approve the change by written consent.

If a vote of preferred securities holders is taken or a consent is obtained, any preferred securities owned by Occidental or any of its affiliates will, for purposes of the vote or consent, be treated as if they were not outstanding. This means:

- Occidental and any of its affiliates will not be able to vote on or consent to matters requiring the vote or consent of holders of preferred securities; and
- any preferred securities owned by Occidental or any of its affiliates will not be counted in determining whether the required percentage of votes or consents has been obtained.

Information Concerning the Property Trustees

For matters relating to compliance with the Trust Indenture Act, the Property Trustee of each trust will have all of the duties and responsibilities of an indenture trustee under the Trust Indenture Act. Each Property Trustee, other than during the occurrence and continuance of a Declaration Event of Default under the

in the applicable Declaration and, upon a Declaration Event of Default, must use the same degree of care and skill as a prudent person would exercise or use in the conduct of his or her own affairs. Subject to this provision, a Property Trustee is under no obligation to exercise any of the powers given it by the applicable Declaration at the request of any holder of preferred securities unless it is offered reasonable security or indemnity against the costs, expenses and liabilities that it might incur. However, the holders of the preferred securities will not be required to offer an indemnity where the holders, by exercising their voting rights, direct the Property Trustee to take any action following a Declaration Event of Default.

The Bank of New York is a participating lender under one of Occidental's revolving credit agreements, provides commercial banking services to Occidental and its affiliates and acts as property trustee, preferred securities guarantee trustee and, through an affiliate, the Delaware trustee with respect to an issue of preferred securities issued by an affiliate of Occidental. The Bank of New York is the Senior Indenture Trustee and will act as the Subordinated Indenture Trustee, the Property Trustee and the Preferred Securities Guarantee Trustee. In addition, an affiliate of The Bank of New York will act as the Delaware Trustee of each of the trusts. However, if The Bank of New York acquires any conflicting interest when an event of default is pending, it must (with certain exceptions) eliminate the conflict or resign.

Miscellaneous

The Regular Trustees of each trust are authorized and directed to conduct the affairs of and to operate each trust so that:

- it will not be deemed to be an "investment company" required to be registered under the Investment Company Act;
- it will be classified as a grantor trust for United States federal income tax purposes; and
- the subordinated debt securities held by it will be treated as Occidental's indebtedness for United States federal income tax purposes.

Occidental and the Regular Trustees of a trust are authorized to take any action (so long as it is consistent with applicable law or the applicable certificate of trust or Declaration) that Occidental and the Regular Trustees of that trust determine to be necessary or desirable for such purposes.

Holders of preferred securities have no preemptive or similar rights.

A trust may not borrow money, issue debt, execute mortgages or pledge any of its assets.

Governing Law

Each Declaration and the related preferred securities will be governed by and construed in accordance with the laws of the State of Delaware.

DESCRIPTION OF PREFERRED SECURITIES GUARANTEES

General

Occidental will execute a Preferred Securities Guarantee, which benefits the holders of preferred securities, at the time that a trust issues those preferred securities. Each Preferred Securities Guarantee will be qualified as an indenture under the Trust Indenture Act. The Bank of New York will act as indenture trustee ("Preferred Guarantee Trustee") under each Preferred Securities Guarantee for the purposes of compliance with the Trust Indenture Act. The Preferred Guarantee Trustee will hold each Preferred Securities Guarantee for the benefit of the preferred securities holders of the applicable trust.

Occidental will irrevocably agree, as described in each Preferred Securities Guarantee, to pay in full, to the holders of the preferred securities issued by the applicable trust, the Preferred Securities Guarantee Payments (as defined below) (except to the extent previously paid), when and as due, regardless of any defense, right of set-off or counterclaim which the trust may have or assert. The following payments, to the extent not paid by a trust ("Preferred Securities Guarantee Payments"), will be covered by the applicable Preferred Securities Guarantee:

- any accrued and unpaid distributions required to be paid on the applicable preferred securities, to the extent that the trust has funds available to make the payment;
- the redemption price, to the extent that the trust has funds available to make the payment; and
- upon a voluntary or involuntary dissolution and liquidation of the trust (other than in connection with a distribution of subordinated debt securities to holders of the preferred securities or the redemption of all such preferred securities), the lesser of:

(1) the aggregate of the liquidation amount specified in the prospectus supplement for each preferred security plus all accrued and unpaid distributions on the preferred security to the date of payment, to the extent the trust has funds available to make the payment; and

(2) the amount of assets of the trust remaining available for distribution to holders of its preferred securities upon a dissolution and liquidation of the trust ("Liquidation Payment").

Occidental's obligation to make a Preferred Securities Guarantee Payment may be satisfied by directly paying the required amounts to the holders of the preferred securities or by causing the trust to pay the amounts to the holders.

No single document relating to the issuance of preferred securities will provide for Occidental's full, irrevocable and unconditional guarantee of the preferred securities. Only the combined operation of Occidental's obligations under the applicable Preferred Securities Guarantee, Declaration, Subordinated Indenture and the subordinated debt securities has the effect of providing a full, irrevocable and unconditional guarantee of a trust's obligations under its preferred securities.

Status of the Preferred Securities Guarantees

Each Preferred Securities Guarantee will be an unsecured obligation of Occidental and will rank:

- subordinate and junior in right of payment to all of Occidental's other liabilities (except for those liabilities made equal or junior by their terms to any of Occidental's liabilities under the applicable Preferred Securities Guarantee);
- equal with any guarantee that Occidental has issued, or will issue, in respect of the most senior preferred or preference stock that Occidental issues now or hereafter and with any guarantee that Occidental issues now or hereafter in respect of any preferred or preference stock of any of

37

its affiliates including Occidental's guarantee of the preferred securities of Oxy Capital Trust I, issued and sold on January 20, 1999; and

- senior to Occidental's common stock.

Each Declaration will require that the holder of preferred securities accept the subordination provisions and other terms of the Preferred Securities Guarantee. Each Preferred Securities Guarantee will constitute a guarantee of payment and not of collection (in other words the holder of the guaranteed security may sue Occidental, or seek other remedies, to enforce its rights under the Preferred Securities Guarantee without first suing any other person or entity). A Preferred Securities Guarantee will not be discharged except by payment of the Preferred Securities Guarantee Payments in full to the extent not previously paid or upon distribution to the applicable preferred securities holders of the corresponding series of subordinated debt securities pursuant to the appropriate Declaration.

Amendments and Assignment

Except with respect to any changes which do not adversely affect the rights of holders of a series of preferred securities in any material respect (in which case no consent of any holders will be required), a Preferred Securities Guarantee may be amended only with the prior approval of the holders of at least a majority in aggregate liquidation amount of the applicable preferred securities (excluding any preferred securities that Occidental or its affiliates hold). A description of the way to obtain any approval is described under "Description of the Preferred Securities—Voting Rights; Amendment of Declarations." All guarantees and agreements contained in a Preferred Securities Guarantee will be binding on Occidental's successors, assigns, receivers, trustees and representatives and are for the benefit of the holders of the applicable preferred securities.

Preferred Securities Guarantee Events of Default

An event of default under a Preferred Securities Guarantee occurs if Occidental fails to make any of its required payments or perform its obligations under that Preferred Securities Guarantee.

The holders of at least a majority in aggregate liquidation amount of the preferred securities relating to each Preferred Securities Guarantee (excluding any preferred securities that Occidental or any of its affiliates hold) will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Preferred Guarantee Trustee relating to the applicable Preferred Securities Guarantee or to direct the exercise of any trust or power given to the Preferred Guarantee Trustee under that Preferred Securities Guarantee.

Information Concerning the Preferred Guarantee Trustees

The Preferred Guarantee Trustee under a Preferred Securities Guarantee, other than during the occurrence and continuance of a default under that Preferred Securities Guarantee, will perform only the duties that are specifically described in that Preferred Securities Guarantee. After such a default, the Preferred Guarantee Trustee will exercise the same degree of care and skill as a prudent person would exercise or use in the conduct of his or her own affairs. Subject to this provision, a Preferred Guarantee Trustee is under no obligation to exercise any of its powers as described in the applicable Preferred Securities Guarantee at the request of any holder of covered preferred securities unless it is offered reasonable indemnity against the costs, expenses and liabilities that it might incur.

Termination of the Preferred Securities Guarantees

Each Preferred Securities Guarantee will terminate once the applicable preferred securities are paid in full or upon distribution of the corresponding series of subordinated debt securities to the holders of those preferred securities. Each Preferred Securities Guarantee will continue to be effective

38

or will be reinstated if at any time any holder of preferred securities issued by the applicable trust must restore payment of any sums paid under those preferred securities or such Preferred Securities Guarantee.

Governing Law

The Preferred Securities Guarantees will be governed by and construed in accordance with the laws of the State of New York.

RELATIONSHIP AMONG PREFERRED SECURITIES, PREFERRED SECURITIES GUARANTEES AND SUBORDINATED DEBT SECURITIES HELD BY EACH TRUST

Occidental will guarantee payments of distributions and redemption and liquidation payments due on each series of preferred securities (to the extent the applicable trust has funds available for the payments) to the extent described under "Description of Preferred Securities Guarantees." No single document that Occidental executes in connection with the issuance of any series of preferred securities will provide for its full, irrevocable and unconditional guarantee of such preferred securities. Only the combined operation of Occidental's obligations under the applicable Preferred Securities Guarantee, Declaration, Subordinated Indenture and subordinated debt securities has the effect of providing a full, irrevocable and unconditional guarantee of a trust's obligations under its preferred securities.

As long as Occidental makes payments of interest and other payments when due on the subordinated debt securities held by a trust, those payments will be sufficient to cover the payment of distributions and redemption and liquidation payments due on the preferred securities issued by that trust, primarily because:

- the aggregate principal amount of the subordinated debt securities will be equal to the sum of the aggregate liquidation amount of the preferred and common securities;
- the interest rate and interest and other payment dates on the subordinated debt securities will match the distribution rate and distribution and other payment dates for the preferred securities;
- Occidental shall pay for any and all costs, expenses and liabilities of each trust except the trust's obligations under its preferred securities (and Occidental has agreed to guarantee such payment); and
- each Declaration provides that the related trust will not engage in any activity that is not consistent with the limited purposes of the trust.

If and to the extent that Occidental does not make payments on those subordinated debt securities, the trust will not have funds available to make payments of distributions or other amounts due on its preferred securities. In those circumstances, you will not be able to rely upon the Preferred Securities Guarantee for payment of these amounts. Instead, you may directly sue Occidental or seek other remedies to collect your pro rata share of payments owed. If you sue Occidental to collect payment, then Occidental will assume your rights as a holder of preferred securities under such trust's Declaration to the extent Occidental makes a payment to you in any legal action.

A holder of any preferred security may sue Occidental, or seek other remedies, to enforce its rights under the applicable Preferred Securities Guarantee without first suing the applicable Preferred Guarantee Trustee, the trust which issued the preferred security or any other person or entity.

PLAN OF DISTRIBUTION

Occidental may sell the senior debt securities, subordinated debt securities, shares of preferred stock or depository shares and a trust may sell its preferred securities being offered hereby in one or more of the following ways from time to time:

- to underwriters for resale to the public or to institutional investors;
- directly to institutional investors;
- directly to agents;
- through agents to the public or to institutional investors; or
- if indicated in the prospectus supplement, pursuant to delayed delivery contracts or by remarketing firms.

The prospectus supplements and pricing supplements, if any, will set forth the terms of the offering of each series of securities, including the name or names of any underwriters or agents, the purchase price of the securities and the proceeds to Occidental or the applicable trust, as the case may be, from such sale, any underwriting discounts or agency fees and other items constituting underwriters' or agents' compensation, any initial public offering price, any discounts or concessions allowed or reallocated or paid to dealers and any securities exchanges on which the securities may be listed.

If underwriters are used in the sale, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or prices, which may be changed, or at market or varying prices determined at the time of sale.

Unless otherwise set forth in a prospectus supplement or a pricing supplement, if any, the obligations of the underwriters to purchase any series of securities will be subject to certain conditions precedent and the underwriters will be obligated to purchase all of the series of securities, if any are purchased.

If a dealer is utilized in the sale of securities, Occidental will sell the securities to the dealer, as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of resale.

Securities may also be offered and sold, if so indicated in the prospectus supplement or a pricing supplement, if any, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more firms ("remarketing firms") acting as principals for their own accounts or as agents for Occidental. Any remarketing firm will be identified and the terms of its agreement, if any, with Occidental and its compensation will be described in the prospectus supplement or a pricing supplement, if any.

Underwriters, agents, dealers and remarketing firms may be entitled under agreements entered into with Occidental and/or a trust to indemnification by Occidental and/or such trust against certain civil liabilities, including liabilities under the Securities Act of 1933, or to contribution with respect to payments which the underwriters or agents may be required to make in respect thereof. Underwriters, agents, dealers and remarketing firms may be customers of, engage in transactions with, or perform services for Occidental and its affiliates in the ordinary course of business.

Each series of securities will be a new issue of securities and will have no established trading market. Any underwriters to whom Occidental or any trust sells securities for public offering and sale may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. The securities may or may not be listed on a national securities exchange or a foreign securities exchange.

LEGAL OPINIONS

The validity of the senior debt securities, the subordinated debt securities, the preferred stock, the depositary shares, the preferred securities, the preferred securities guarantees and certain matters relating thereto will be passed on for Occidental by Robert E. Sawyer, Esq., Associate General Counsel of Occidental, and by Skadden, Arps, Slate, Meagher & Flom LLP, Los Angeles, California, and for any underwriters by Sidley Austin Brown & Wood LLP, Los Angeles, California. Mr. Sawyer beneficially owns, and has rights to acquire under employee stock options, an aggregate of less than 1 percent of the outstanding common stock of Occidental.

EXPERTS

The consolidated financial statements and financial statement schedule of Occidental and its subsidiaries, for the fiscal year ended December 31, 2000, included in Occidental's Annual Report on Form 10-K for the fiscal year ended December 31, 2000, which are incorporated by reference in this prospectus, have been audited by Arthur Andersen LLP, independent public accountants, as indicated in their reports with respect thereto, and are incorporated by reference herein in reliance upon the authority of said firm as experts in accounting and auditing in giving said reports.
