INDEPENDENT AUDITORS' REPORT

The Occidental Petroleum Corporation  
Pension and Retirement Plan Administrative Committee:

We have audited the accompanying statement of net assets available for benefits of the Oxy Vinyls, LP Savings Plan as of December 31, 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The accompanying financial statements of the Oxy Vinyls, LP Savings Plan as of December 31, 2000 were audited by other auditors whose report thereon dated June 22, 2001, expressed an unqualified opinion on those statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the 2001 financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Oxy Vinyls, LP Savings Plan as of December 31, 2001 and the changes in net assets available for benefits for the year ended December 31, 2001 in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the 2001 basic financial statements taken as a whole. The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2001 is presented for the purpose of additional analysis and is not a required part of the 2001 basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the 2001 basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the 2001 basic financial statements taken as a whole.

SAVINGS PLAN

Notes to Financial Statements

December 31, 2001 and 2000

(1) DESCRIPTION OF THE PLAN

The following description of the Oxy Vinyls, LP Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) GENERAL

Occidental Chemical Corporation, (OxyChem), a wholly owned subsidiary of Occidental Petroleum Corporation (OPC or Oxy), a Delaware corporation, and The Geon Company (Geon) caused a partnership to be formed, Oxy Vinyls, LP, a Delaware limited partnership, and selected affiliates (collectively, the Company or the Employer), in which OxyChem and Geon have indirect interests of 76% and 24%, respectively. The Plan is a defined contribution plan generally available to certain employees of the Company. The Plan was established by the Company effective May 1, 1999. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

(b) PLAN ADMINISTRATION

The Plan is administered by the OPC Pension and Retirement Trust and Investment Committee as to investment decisions and by the Oxy Vinyls, LP Pension and Retirement Plan Administrative Committee as to all matters except investment decisions (these two committees are herein referred to collectively as the Committees). The Committees have been given all powers necessary to carry out their respective duties, including as applicable, but not limited to, the power to administer and interpret the Plan and to answer all questions affecting eligibility of participants. The Northern Trust Company (the Trustee) is the trustee and custodian of a trust fund which holds all of the assets of the Plan.

(c) CONTRIBUTIONS

**PARTICIPANT CONTRIBUTIONS** - Prior to June 30, 2000, participants were allowed to contribute from 1% to 12% of compensation (as defined) to the Plan on a before- or after-tax basis, or in any combination thereof, subject to certain Internal Revenue Code (IRC) limitations. Effective July 1, 2000, the upper limit on participant contributions increased from 12% to 15%.

**EMPLOYER CONTRIBUTIONS** - Prior to June 30, 2000, the Employer contributed 75% of a participant's contribution up to the first 6% of compensation. Effective July 1, 2000, Employer contributions increased to 100% of a participant's contribution up to the first 6% of compensation. All Employer contributions are invested in the Occidental Petroleum Corporation Common Stock Fund (the Oxy Stock Fund).

(d) INVESTMENT OPTIONS

The Plan offers 11 investment options. Upon enrollment in the Plan, participants can direct their contributions, in 5% increments, in any of the investment options offered at the time. Participants can change their investment options daily. Participants should refer to the Plan fund description pamphlet for a complete description of the investment options and for the detailed composition of each investment fund.

SAVINGS PLAN

Notes to Financial Statements

December 31, 2001 and 2000

(e) PARTICIPANT ACCOUNTS

Participant accounts are credited with the participant's contribution and allocations of the Employer's contribution and investment income, and charged with an allocation of administrative expenses and investment losses, if any. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(f) VESTING

Participants immediately vest in their contributions plus investment income thereon, if any. Vesting in the Employer's contribution portion of the account plus earnings thereon, is based on years of service. Generally, a participant receives 20% vesting for each year of service and is fully vested after five years of service. Participants who were eligible to participate in the Plan on May 1, 1999 were fully vested.

(g) PARTICIPANT LOANS

Participants can borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of: (i) \$50,000, reduced by the highest outstanding loan balance in the past 12 months, (ii) 50% of their vested account balance, or (iii) a loan amount which would require payroll deductions for repayment equal to 25% of the participant's base compensation. Loan transactions are treated as a transfer between the investment fund and the participant loan fund. Loan terms range from one to five years for general purpose loans and six to ten years for primary residence loans. The loans bear interest at a fixed rate equal to the Western Federal Credit Union's loan rate for a loan secured by a member's deposit account at the time the loan is approved. During 2001 and 2000, the interest rate charged on new loans was 5%. Loan repayments are made ratably through payroll deductions.

(h) PAYMENT OF BENEFITS

Generally, upon termination of service for any reason other than death, participants with an account balance greater than \$5,000 can elect to receive the vested portion of their account in the following distribution options: (i) one lump-sum payment, (ii) straight life annuity, (iii) ten-year term certain annuity, (iv) joint and survivor annuity, (v) partial cash distributions, or (vi) deferral of payment with certain restrictions. Upon termination of service due to death, the participant's beneficiary can elect to receive the vested interests in the form of (i), (ii), (iii), or (vi) only. A participant whose vested account balance is \$5,000 or less can receive distributions only under options (i), (v), or

(vi). Participants can elect to receive distributions from their account balance in the Oxy Stock Fund, the PolyOne Stock Fund (formerly the Geon Stock Fund), or the BFGoodrich Stock Fund in cash or in shares of common stock of such company.

(i) FORFEITED ACCOUNTS

Forfeited nonvested accounts are used to reduce Employer contributions.

(j) ADMINISTRATIVE EXPENSES

The Company pays certain costs and expenses incurred in administering the Plan and other costs and expenses are paid by the Plan.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

Certain reclassifications have been made to the 2000 financial statements to be consistent with the presentation of the 2001 financial statements.

(b) USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds, actively managed funds, the Oxy Stock Fund, the PolyOne Stock Fund, and the BFGoodrich Stock Fund. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

Additionally, many mutual funds invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than similar types of securities of comparable U.S. companies.

Derivative financial instruments are used by the Plan's equity and fixed income investment managers to remain fully invested in the asset class and to hedge currency risk. Leveraging of the Plan assets and speculation are prohibited.

SAVINGS PLAN

Notes to Financial Statements

December 31, 2001 and 2000

(d) INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The OPC common stock, PolyOne common stock, and BFGoodrich common stock (see note 3) are valued at their quoted market prices. The unit price of common or commingled trust funds is based on the current market value of the underlying assets of the fund. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Realized gains and losses on investments are based on the market value of the asset at the beginning of the Plan year or at the time of purchase for assets purchased during the Plan year and the related fair value on the day the investments were sold during the Plan year. Unrealized gains and losses on investments are based on the market value of the assets at the beginning of the Plan year or at the time of purchase for assets purchased during the Plan year and the related fair value at the end of the Plan year. Net realized and unrealized appreciation/(depreciation) in fair value of investments is reflected in the accompanying Statement of Changes in Net Assets Available for Benefits as "Net (depreciation) in fair value of investments."

(e) PAYMENT OF BENEFITS

Benefits are recorded when paid.

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Oxy Vinyls, LP Pension and Retirement  
 Plan Administrative Committee:

We have audited the accompanying statements of net assets available for plan benefits of the OXY VINYLs, LP SAVINGS PLAN (the "Plan") as of December 31, 2000 and 1999, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2000. These financial statements and the supplemental schedules referred to below are the responsibility of the Plan administrator. Our responsibility is to express an opinion on these financial statements and supplemental schedules based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2000 and 1999, and the changes in its net assets available for plan benefits for the year ended December 31, 2000, in conformity with accounting principles generally accepted in the United States.

-----  
 THIS REPORT IS A COPY OF A PREVIOUSLY ISSUED ANDERSEN REPORT AND THAT THE  
 REPORT HAS NOT BEEN REISSUED BY ANDERSEN.  
 -----

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules included in appendices I and II, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.
